Tips for Encouraging Young Readers!

- Read 20-30 minutes a day!
  - Read to your younger student
  - Older students read independently
- Let your student choose a book that matches their interest
- Ask your student what they already know about the topic of the book before reading
- Help your student make predictions
- Relate to their own experiences
- Ask your student questions:
  - Who are the main characters and how do they solve their problems?
  - What is the main idea?
  - When does this story take place?
  - What is your favorite part of the book/story and why?
  - What is something new you've learned?
