About A.G.A.P.E

Adolescent Girls and Parenting Education

AGAPE High School provides pregnant and/or parenting teen mothers an environment in which they can complete their high school education, with an emphasis on college and career readiness. AGAPE is an AVID school and is focused on college & career readiness. AGAPE has a partnership with the UoM & Saint Paul College to offer college-level classes at our site for college and high school credit. To help remove barriers that may affect a student’s educational success, we provide additional services such as a full-time social worker and school nurse, on-site child care and a health clinic. AGAPE partners with multiple community agencies to assist students in need.

About Saint Paul Public Schools

Saint Paul Public Schools (SPPS) is one of Minnesota’s largest school districts with more than 39,000 students. Highly trained and deeply dedicated staff, cutting-edge academic programs, and strong community support are among the district’s hallmarks. Our student population is diverse, with students who speak more than 125 languages and dialects.

Board of Education

Zuki Ellis, Chair
Steve Marchese, Vice Chair

Mission: To provide a holistic education for teen mothers including; personal, emotional and academic integrity, parental support and post-secondary education
We are a District-Wide Saint Paul School

- AGAPE enrolls throughout the school year.
- New SPPS district students must first visit the Student Placement Center (651-631-3700) to complete the district intake.
- New students must schedule and attend an enrollment meeting with the guidance counselor and administrator before beginning school.
- AGAPE is a 4 quarter, 4 period schedule.

We offer:

- Rigorous high school curriculum
- On-Site childcare facilities for those who qualify
- School bus service within St. Paul
- Supportive staff and teachers
- On-Site Health Start clinic for all students providing a variety of health services, including prenatal care (651-632-2189)
- Support groups for students
- School Store/attendance-based incentive

AGAPE High School

Our small learning community offers courses in Social Studies, Mathematics, Art, English, Science, Parenting, Career & Technical education & on the job training. In addition to these courses, AGAPE provides intervention services to help students address other barriers in their learning. Those services include social, emotional and physical health services or referrals, multiple language learner support, and limited special education resources. Our high school goals include academic continuity, successful completion and acceleration of required coursework, increased parenting skills, development of interpersonal & communication skills, obtaining and using computer literacy skills and developing & achieving post-secondary education goals.
