Achievement Plus is a whole-community approach to public education that supports student and family success. Designed as “neighborhood hubs,” Achievement Plus schools provide:

- **Challenging academics**
- **Extended learning opportunities**
- **Convenient access to health and human services**

On-site Achievement Plus Partner Liaisons communicate and collaborate with the school, broader community, parents and guardians to better understand and ensure students and their families are connected to supportive services and resources.

School leaders, staff, families, partners and volunteers work together to raise student achievement and support unique family goals within the school community.

For over 20 years, Saint Paul Public Schools and the Wilder Foundation have collaborated with educators, partners and supporters to provide Achievement Plus full-service community schools where students and their families thrive.
