Dear Families,

This week we spent a lot of time working on our question and answer books for the Publishing Party on Monday, Feb. 10 at 1:10 p.m. I am proud of how hard many of the students are working on their books. We can’t wait for you to see the books!

During math we did some testing for unit 5 and pre-testing for unit 6. I put a paper in your child’s mailbox that has the scores from unit 4 and unit 5. The goal is for your child to have received a P for proficient, or E for exemplary. I also included the scores from the Everyday Math curriculum test with a list of skills for your child to work on.

During reader’s workshop we read many Groundhog’s Day fiction books. The students wrote their own groundhog story. They also looked up facts about groundhogs. We worked on sequencing events and looking for smaller parts of words that we know to help us read a word.

Please note that due to the short week last week, Friday Reports will be sent home next week instead of today. 😊

Looking Ahead:
2/4- Vision screening for 1st grade
2/7- Read-a-thon begins
