Saint Paul Public Schools Policy

213.00

213.00 BOARD OF EDUCATION PROFESSIONAL DEVELOPMENT

1. Board of Education members are expected to actively participate in professional development that supports their governance role and the district's mission. These may include but are not limited to national, state or local conferences, workshops, seminars and training opportunities.
2. The Board shall annually plan and budget for participation in such professional development activities. Logistics and expense reimbursement shall be handled in accordance with school district procedures.
