

417.00 DRUG AND ALCOHOL TESTING FOR DRIVERS

I. PURPOSE

- A. Saint Paul Public Schools (SPPS) recognizes the significant problems created by drug and alcohol use in society in general, and the public schools in particular. SPPS further recognizes the important contribution that the public schools have in shaping the youth of today into the adults of tomorrow.
- B. The purpose of this policy is to outline SPPS's implementation of the drug and alcohol testing that is required by federal law for all job applicants and employees whose positions require a commercial driver's license .

II. GENERAL STATEMENT OF POLICY

- A. All school district employees and job applicants whose positions require a commercial driver's license will be required to undergo drug and alcohol testing in accordance with federal law and the applicable provisions of this policy. SPPS also may request or require that drivers submit to drug and alcohol testing in accordance with the provisions of Board Policy 416.00 and as provided in Minn. Stat. §§ 181.950-181.957.
.
- B. The use, possession, sale, purchase, transfer, or dispensing of any drugs not medically prescribed, including medical cannabis, regardless of whether it has been prescribed for the employee, is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of drugs which are not medically prescribed, including medical cannabis, regardless of whether it has been prescribed for the employee, is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of drugs which are not medically prescribed are prohibited from entering or remaining on school district property.
- C. The use, possession, sale, purchase, transfer, or dispensing of alcohol is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of alcohol is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school

district property. Employees under the influence of alcohol are prohibited from entering or remaining on school district property.

- D. Any employee who violates this section shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge.

III. FEDERALLY MANDATED DRUG AND ALCOHOL TESTING FOR DRIVERS

A. General Statement of Policy

All persons subject to commercial driver’s license requirements shall be tested for alcohol, marijuana (including medical cannabis), cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP), pursuant to federal law. Drivers who test positive for alcohol or drugs shall be subject to disciplinary action, which may include termination of employment.

B. Definitions

1. “Actual Knowledge” means actual knowledge by the school district that a driver has used alcohol or controlled substances based on: (a) direct observation of the employee’s use (not observation of behavior sufficient to warrant reasonable suspicion testing); (b) information provided by a previous employer; (c) a traffic citation; or (d) an employee’s admission, except when made in connection with a qualified employee self-admission program.
2. “Alcohol Screening Device” (ASD) means a breath or saliva device, other than an Evidential Breath Testing Device (EBT), that is approved by the National Highway Traffic Safety Administration and placed on its Conforming Products List for such devices.
3. “Breath Alcohol Technician” (BAT) means an individual who instructs and assists individuals in the alcohol testing process and who operates the EBT.
4. “Commercial Motor Vehicle” (CMV) includes a vehicle which is designed to transport 16 or more passengers, including the driver.
5. “Designated Employer Representative” (DER) means a designated school district representative authorized to take immediate action to remove employees from safety-sensitive duties, to make required decisions in the testing and evaluation process, and to receive test results and other communications for the school district.
6. “Department of Transportation” (DOT) means United States Department of

Transportation.

7. “Driver” is any person who operates a CMV, including full-time, regularly employed drivers, casual, intermittent or occasional drivers, leased drivers, and independent owner-operator contractors.
8. “Evidential Breath Testing Device” (EBT) means a device approved by the National Highway Traffic Safety Administration for the evidentiary testing of breath for alcohol concentration and placed on its Conforming Products List for such devices.
9. “Medical Review Officer” (MRO) means a licensed physician responsible for receiving and reviewing laboratory results generated by the school district’s drug testing program and for evaluating medical explanations for certain drug tests.
10. “Refusal to Submit” (to an alcohol or controlled substances test) means that a driver: (a) fails to appear for any test within a reasonable time, as determined by the school district, consistent with applicable DOT regulations, after being directed to do so; (b) fails to remain at the testing site until the testing process is complete; (c) fails to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test; (d) fails to permit the observation or monitoring of the driver’s provision of a specimen in the case of a directly observed or monitored collection in a drug test; (e) fails to provide a sufficient breath specimen or sufficient amount of urine when directed and a determination has been made that no adequate medical explanation for the failure exists; (f) fails or declines to take an additional test as directed; (g) fails to undergo a medical examination or evaluation, as directed by the MRO or the DER; (h) fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to wash hands after being directed to do so by the collector, fails to sign the certification on the forms); (i) fails to follow the observer’s instructions, in an observed collection, to raise the driver’s clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the driver has any type of prosthetic or other device that could be used to interfere with the collection process; (j) possesses or wears a prosthetic or other device that could be used to interfere with the collection process; (k) admits to the collector or MRO that the driver adulterated or substituted the specimen; or (l) is reported by the MRO as having a verified adulterated or substituted test result. An applicant who fails to appear for a pre-employment test, who leaves the testing site before the pre-employment testing process commences, or who does not provide a urine specimen because he or she has left before it commences is not deemed to have refused to submit to

testing.

11. “Safety-sensitive functions” are on-duty functions from the time the driver begins work or is required to be in readiness to work until relieved from work, and include such functions as driving, loading and unloading vehicles, or supervising or assisting in the loading or unloading of vehicles, servicing, repairing, obtaining assistance to repair, or remaining in attendance during the repair of a disabled vehicle.
12. “Screening Test Technician” (STT) means anyone who instructs and assists individuals in the alcohol testing process and operates an ASD.
13. “Stand Down” means to temporarily remove an employee from performing safety-sensitive functions after a laboratory reports a confirmed positive, an adulterated, or a substituted test result but before the MRO completes the verification process.
14. “Substance Abuse Professional” (SAP) means a qualified person who evaluates employees who have violated a DOT drug and alcohol regulation and makes recommendations concerning education, treatment, follow-up testing, and aftercare.

C. Policy and Educational Materials

1. The school district shall provide a copy of this policy and procedures to each driver prior to the start of its alcohol and drug testing program and to each driver subsequently hired or transferred into a position requiring driving of a CMV.
2. The school district shall provide to each driver information concerning the effects of alcohol and controlled substances use on an individual’s health, work, and personal life; signs and symptoms of an alcohol or drug problem; and available methods of intervening when an alcohol or drug problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.
3. The school district shall provide written notice to representatives of employee organizations that the information described above is available.
4. The school district shall require each driver to sign a statement certifying that he or she has received a copy of the policy and materials. This statement should be in the form of Attachment A to this policy. The school district will maintain the original signed certificate and will provide a copy to the driver if the driver so requests.

D. Alcohol and Controlled Substances Testing Program Manager

1. The program manager will coordinate the implementation, direction, and administration of the alcohol and controlled substances testing policy for bus drivers. The program manager is the principal contact for the collection site, the testing laboratory, the MRO, the BAT, the SAP, and the person submitting to the test. Employee questions concerning this policy shall be directed to the program manager.
2. The school district shall designate a program manager and provide written notice of the designation to each driver along with this policy.

E. Specific Prohibitions for Drivers

1. Alcohol Concentration. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers who test greater than 0.04 will be taken out of service and will be subject to evaluation by a professional and retesting at the driver's expense.
2. Alcohol Possession. No driver shall be on duty or operate a CMV while the driver possesses alcohol.
3. On-Duty Use. No driver shall use alcohol while performing safety-sensitive functions.
4. Pre-Duty Use. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.
5. Use Following an Accident. No driver required to take a post-accident test shall use alcohol for eight (8) hours following the accident, or until he or she undergoes a post-accident alcohol test, whichever occurs first.
6. Refusal to Submit to a Required Test. No driver shall refuse to submit to an alcohol or controlled substances test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements. A verified adulterated or substituted drug test shall be considered a refusal to test.
7. Use of Controlled Substances. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to instructions (which have been presented to the school district) from a licensed physician who has advised the driver that the substance does not adversely affect the driver's ability to safely operate a CMV. Controlled

substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.

8. Positive, Adulterated, or Substituted Test for Controlled Substance. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, including medical cannabis, or has adulterated or substituted a test specimen for controlled substances.
9. General Prohibition. Drivers are also subject to the general policies and procedures of the school district which prohibit the possession, transfer, sale, exchange, reporting to work under the influence of drugs or alcohol, and consumption of drugs or alcohol while at work or while on school district premises or operating any school district vehicle, machinery, or equipment.

F. Other Alcohol-Related Conduct

No driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform safety-sensitive functions for at least twenty-four (24) hours following administration of the test. The school district will not take any action under this policy other than removal from safety-sensitive functions based solely on test results showing an alcohol concentration of less than 0.04 but may take action otherwise consistent with law and policy of the school district.

G. Prescription Drugs

A driver shall inform his or her supervisor if at any time the driver is using a controlled substance pursuant to a physician's prescription. The physician's instructions shall be presented to the school district upon request. Use of a prescription drug shall be allowed if the physician has advised the driver that the prescribed drug will not adversely affect the driver's ability to safely operate a CMV. Use of medical cannabis is prohibited notwithstanding the driver's enrollment in the patient registry.

H. Testing Requirements

1. Pre-Employment Testing

- a. A driver applicant shall undergo testing for alcohol and controlled substances, including medical cannabis, before the first time the driver performs safety-sensitive functions for the school district.
- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.

- c. In order to be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, including medical cannabis, or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug and alcohol testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests), within the preceding two (2) years.
- d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which the employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.

2. Post-Accident Testing

- a. As soon as practicable following an accident involving a CMV, the school district shall test the driver for alcohol and controlled substances, including medical cannabis, if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a motor vehicle.
- b. Drivers should be tested for alcohol use within two (2) hours and no later than eight (8) hours after the accident.
- c. Drivers should be tested for controlled substances, including medical cannabis, no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.

- f. If a post-accident alcohol test is not administered within eight (8) hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.

3. Random Testing

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.
- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, including medical cannabis, at a minimum annual percentage of 50%.
- c. The school district shall adopt a scientifically valid method for selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made.
- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided, however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

4. Reasonable Suspicion Testing

- a. The school district shall require a driver to submit to an alcohol test and/or controlled substances, including medical cannabis, test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances, including medical cannabis, on duty or within four (4) hours before coming on duty. The test shall be done as soon as practicable following the observation of the behavior indicative of the use of controlled substances or alcohol.

- b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal effects of controlled substances.
 - c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.
 - d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.
5. Return-To-Duty Testing. A driver found to have violated this policy shall not return to work until an SAP has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances.
6. Follow-Up Testing. When an SAP has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.
7. Refusal to Submit and Attendant Consequences
- a. A driver or driver applicant may refuse to submit to drug and alcohol testing.
 - b. Refusal to submit to a required drug or alcohol test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of

49 U.S.C. § 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.

- c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.
- d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by an SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
- e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment C to this policy.

I. Testing Procedures

1. Drug Testing

- a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight of the donor.
- b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.

- c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated, substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in which to request a test of the split specimen at the donor's expense. No split specimen testing is done for an invalid result.
- d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the donor's failure to contact him/her within seventy-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee when no legitimate medical reason for a positive test result as received from the testing laboratory exists.
- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.
- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
 - (1) The donor expressly declines the opportunity to discuss the test results;
 - (2) The donor has not contacted the MRO within seventy-two

(72) hours of being instructed to do so by the DER; or

- (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was received from the laboratory.

2. Alcohol Testing

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or an STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.
- b. Any test result less than 0.02 alcohol concentration is considered a “negative” test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBT. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor’s inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an EBT will be required to be performed between fifteen (15) and thirty (30) minutes after the completion of the screening test.
- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver’s or driver applicant’s expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.
2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug or alcohol test UNLESS:
 - a. The school district has first given the employee an opportunity to

participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the SAP; and

- b. The employee refuses to participate in the recommended program, or fails to successfully complete the program as evidenced by withdrawal before its completion or by a positive test result on a confirmatory test after completion of the program.
- c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be Concentra, Inc., 570 Asbury Street, Suite 101, Saint Paul, Minnesota, (651) 888-6540, which is a laboratory certified by the Department of Health and Human Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug and alcohol testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minn. Stat. Ch. 13. Any information concerning the individual's test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

Consistent with federal regulations, the District must report the following information to the Commercial Driver's License Drug and Alcohol Clearinghouse: (i) a verified positive, adulterated, or substituted drug test result; (ii) an alcohol confirmation test with a concentration of 0.04 or higher; (iii) a refusal to submit to any test required by 49 CFR § 382, subpart C; (iv) the District's actual knowledge on duty alcohol use, pre-duty alcohol use, alcohol use following an accident, and controlled substance use; (v) a SAP report of the successful completion of the return-to-duty process; (vi) a negative return-to-duty test; and (vii) the District's report of completion of follow-up testing.

M. Recordkeeping Requirements and Retention of Records

- 1. The school district shall keep and maintain records in accordance with the federal regulations in a secure location with controlled access.

2. The required records shall be retained for the following minimum periods:

Basic records	5 years
---------------	---------

“Basic records” includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

Information obtained from previous employers	3 years
Collection records	2 years
Negative and cancelled drug tests	1 year
Alcohol tests with less than 0.02 concentration	1 year
Education and training records	indefinite

“Education and training records” must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

1. Removal. The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.
2. Referral, Evaluation, and Treatment
 - a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of SAPs readily available to the driver or applicant and acceptable to the school district.

- b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by an SAP and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide an SAP evaluation or any subsequent recommended education or treatment.
- c. Drivers are responsible for payment for SAP evaluations and services unless a collective bargaining agreement or employee benefit plan provides otherwise.
- d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.

3. Disciplinary Action

- a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to drug and alcohol testing other than that required by federal law. For example, drivers may be requested or required to undergo drug and alcohol testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of Board policy 416.00 and as provided in Minn. Stat. §§ 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall within the definition of "other employees" covered by Board Policy 416.00.

- G Failing to remain at the testing site until the testing process is complete;
- G Failing to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test;
- G Failing to permit the observation or monitoring of any provision of a specimen in the case of a directly observed or monitored collection in a drug test;
- G Failing to provide a sufficient breath specimen or sufficient amount of urine when directed and it has been determined that there was no adequate medical explanation for the failure;
- G Failing or declining to take a second test as directed;
- G Failing to undergo a medical examination or evaluation, as directed by the Medical Review Officer (MRO) or the Designated Employer Representative (DER);
- G Failing to cooperate with any part of the testing process (e.g., refusing to empty pockets when so directed by the collector, behaving in a confrontational way that disrupts the collection process, failing to wash hands after being directed to do so by the collector, failing to sign the certification on the form;
- G Failing to follow the observer's instructions, in an observed collection, to raise the driver's clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the driver has any type of prosthetic or other device that could be used to interfere with the collection process;

G Possessing or wearing a prosthetic or other device that could be used to interfere with the collection process;

G Admitting to the collector or MRO that the driver adulterated or substituted the specimen; or

G Having a verified adulterated or substituted test as reported by the MRO.

[An applicant who fails to appear for a preemployment test, who leaves the testing site before the preemployment testing process commences, or who does not provide a urine specimen because he or she left before it commences, is not deemed to have refused to submit to testing.]

I recognize that my refusal subjects me to the consequences specified in federal law and regulations. It also constitutes a presumption of a positive result. I further recognize that if I am an applicant, I will be disqualified from consideration for the conditionally-offered position. If I am an employee, I will not be permitted to perform safety-sensitive functions, and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If the school district offers me an opportunity to return to a DOT safety-sensitive function, I understand I will be evaluated by a substance abuse professional, and will be required to submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
