

JOHNSON HIGH SCHOOL BREAKFAST, LUNCH, AND FOOD

The JHS Nutrition Services department provides inexpensive, healthy, and well-prepared breakfasts and lunches for JHS students. To ensure that our building is safe for students with food allergies, that we keep our building clean and free from rodents and other hungry creatures, and that we reduce the number of distractions during the school day, we expect everyone to abide by the following lunch and food guidelines:

- 1) Do not send pizzas or other lunch or breakfast items to students while they are in school.
- 2) Students who choose stop at Burger King or other places before entering the building in the morning, need to consume that food before they get to school. Stopping for breakfast is not a valid excuse for being late or absent from school. Breakfast is available at JHS from 7:45 to 8:30 every day.
