

2022-23 Family Engagement Plan

Saint Paul Public Schools (SPPS) is committed to our mission to inspire students to think critically, pursue their dreams and change the world. Just like a space launch needs engineers, mathematicians, and physicists to work together to send astronauts into space, families, schools, and communities need to work together for children’s learning to take off. Our district has initiated regular opportunities outlined in this plan¹ so that staff can meet families and work in partnership to help their students succeed. Strong connections between families, schools and our community help children.

Families are even more important partners in instructional learning. SPPS will start the 2022-23 school year in person, with digital instruction days and an option of online school, so all students are inspired to think critically, pursue their dreams and change the world.

Welcoming Environment

Family engagement begins with an environment that welcomes, honors, and connects families with schools and with each other. To build our capacity to create welcoming environments in SPPS, we will:

- Continue our commitment to regular communications with families and the community. The district’s website, spps.org, is the central location for information about in person learning and transition plans. Additional strategies include a biweekly newsletter, translated web pages, and a smartphone app.
- Send updates via email, text and robocall as needed, in five primary languages: English, Spanish, Hmong, Somali, and Karen
- Implement ARP strategy #79, to provide meaningful access to language support, families and teachers will benefit from interpretation and translation services every time that there is a need. Provide on call interpreters, translations, Language Line and other supports for families to remove barriers to participation (§1116(e)(5) and (14) and (f))
- Simplify access to student information by creating a single log-in for parents that works across multiple digital tools and includes the ability to complete forms and update information online
 - Provide family-focused iUpdate support at 651-603-4348, email familysupport@spps.org
- Staff school-based and a districtwide parent helpline to provide assistance at 651-767-8347 or email family.engagement@spps.org.
- Participate in community events and share information through mass and digital media channels city-wide and year-round to provide families information in five languages

Family Partnerships

Family engagement is a commitment to systemic, integrated, and sustained partnership with families. To build our capacity for family partnerships in SPPS, we will:

- Provide an ombudsperson to help families solve problems
- Convene advisory councils as a forum for families and community to advise the district, and for the district to share information (MN 125A.24ⁱⁱ, MN 120B.11, subd. 3.ⁱⁱⁱ)^{iv}
- Provide parent training district wide and at schools to establish a strong foundation for family engagement in education (§1116(e)(1) and (2))
- Host districtwide meetings for families to provide information, resources, and support (§1116(e)(1) and (2), §3302(e)^v, MN 124D.60, subd. 3.^{vi})^{vii}
- Provide training, technical assistance, and tools for school-based family liaison staff and others to support strong family engagement at school sites (§1116(e)(3))
- Conduct, with the involvement of parents, an annual evaluation of the effectiveness of the district's engagement, including identifying barriers to parents' participation (§1116(a)(2)(E))
- Convene the District Parent Advisory Council to jointly develop plans as required by State^{viii} and Federal law (§1116(a)(1) and (2))
- Work with the Saint Paul Federation of Educators to support Parent Teacher Home Visits and provide teacher training in family engagement (§1116(e)(3))
- Support families' engagement in Pre-K-Grade 3 alignment and the transition into public school, including home activities, school events, and partnerships supported by the Office of Early Learning (§1116(a)(2)(D))

Teaching and Learning

Families' engagement in supporting, encouraging, and monitoring their child's education is strongly associated with student achievement, and family and community engagement is an essential element of whole-school improvement. To build our capacity for engaging families in teaching and learning, we will:

- Provide direct support to teachers in schools implementing Academic Parent Teacher Teams (APTT)
- Support implementation of the Latino Consent Decree (LCD) to improve services and supports for eligible students
- Implement School Attendance Matters strategies to support student attendance
- Provide parents with information about academic standards (§1116(e)(1))
- Support implementation of the Literacy Plan's family engagement activities (MN 120B.12^x)
- Provide families with information about student assessments (§1116(e)(1))

Community Partnerships

Saint Paul Public Schools works in partnership with organizations in our community in order to meet the diverse needs of students and families in our schools. In order to build our capacity to develop mutually beneficial relationships with the primary goal of improving student success, we will:

- Provide a single point of contact for community partners seeking to work with Saint Paul Public Schools, including orienting new partners
- Facilitate the distribution of community organizations flyers to families through schools
- Help find volunteer opportunities for community members to support schools and the district
- Support independent parent organizations (PTOs and PTAs) as requested
- Partner with Saint Paul Public Libraries to issue SPPS students electronic library cards for easier library access. Library resources include one-on-one online homework help, research databases, e-books, electronic magazines, and more.
- Participate in city-wide coordination, including HeadStart, childcare, and other partners to coordinate and align Pre-K – Grade 3 programs and resources (§1116(a)(2)(D), and (e)(4))

In 2021, the Saint Paul Public Schools launched a districtwide plan of investments to aid in COVID-19 Relief as guided by the federal American Rescue Plan (ARP). Saint Paul Public Schools (SPPS) is receiving approximately \$207 million to be used over the next three years for COVID-19 response efforts and to address long-term student outcomes that have been impacted by the pandemic. ARP is the last of the federal funding allotments, totaling \$334 million, that SPPS is receiving during and after the COVID-19 pandemic, which must be used to:

- Safely reopen schools for all students
- Address pre and post pandemic unfinished learning
- Build lasting, equitable systems of teaching and learning
- Supporting student and staff social emotional needs on returning to full on-site learning

As part of this effort, we are dedicating approximately \$7 million to be awarded to community organizations who are committed to helping us meet our identified needs, target services to children/youth and their families who are experiencing gaps in opportunities and outcomes, and offer programs in one of four priority areas.

This family engagement plan includes specific activities to support students in SPPS Title I schools and their families. Title I is the primary federal education law that provides funding to give students extra help in meeting grade-level expectations. There are many opportunities for family engagement in the SPPS district and schools that may not be included in this plan. This plan was created with contributions from the following SPPS Parent Advisory Councils (PAC's): American Indian Parent Advisory Council (AIPAC), Districtwide Parent Advisory (DPAC), Hmong Parent Advisory Council (HPAC) Karen Parent Advisory Council (KPAC), Somali Parent Advisory Council (SPAC) Latino Consent Decree Parent Advisory Council (LCD PAC) and Special Education Advisory Council (SEAC). For more information, contact the Office of Family Engagement and Community Partnerships at 651-767-8347 or email family.engagement@spps.org.
