

Hamline Midway Early Learning Coalition

The Hamline Midway Early Learning Coalition exists to connect resources to people and people to each other by actively pursuing and demanding equitable access for all families within our community.

Who are we:

- We are a group of community organizations, schools, professionals and residents that come together to create and join initiatives within the Hamline Midway Community.
- Our goal is to create change through action.

Our work is focused on:

1. Youth Care and Connections for ages 0-14,
2. Equitable access to resources for all families in our community,
3. Connecting resources to people and people to resources, and
4. Identifying quality enrichment, engagement, and support opportunities for youth.

We recognize:

- youth are nurtured well within the context of their family and community.
- families and communities foster hopes and dreams for their youth.
- NO ONE advocates for youth as well as their family and surrounding community.
- collective efforts toward youth are more effective and longer lasting when community members dedicate their time and talents.

We hope:

- to more fully understand the community's hopes and vision for their youth with a focus on ages 0-14.
- to participate in early learning community initiatives designed with/by, and representing, the community.
- to address early learning topics relevant to our community.
- to foster networking opportunities for current and potential partners.

Your commitment would include:

- Participating in conversations about youth and their families with other partners
- Advancing the determined goals and initiatives of the coalition
- Sharing responsibility for completion of tasks for the benefit of youth and families within the community
- Ongoing recruitment of additional partners
- Open to signing up for at least a three-month rotation as a co-facilitator for coalition meetings

The benefits include:

- Shared understanding and vision for youth and families in the Hamline Midway community
- Regularly facilitated conversations about, and action plan for, youth and their families
- Partnerships between schools and communities to support promotion of early learning topics

Partners:

Galtier Elementary	Midway YMCA
Hamline Elementary	St. Paul Parks and Recreation
