

Eastside Community and Service Coalition

Our Mission:

To partner across service providers to clarify and simplify access to resources for the community in the Greater Eastside of St. Paul.

What do we do:

- We are a coalition of agencies dedicated to helping people in the community find resources.
- We actively work to encourage organization partnerships that benefit residents on the eastside of St. Paul.

We hope:

- to more fully understand the community's hopes and vision for their neighborhood.
- to co-design and participate in community-based solutions.
- to create partnerships that are mutually beneficial and support residents in our community.

Your commitment would include:

- sharing your expertise and perspectives for the benefit of children and families.
- participating with other partners in regular conversations about the community on the greater eastside of St. Paul.
- advancing the goals and initiatives of the coalition, including identifying community access and use of resources.
- supporting the ongoing planning, action, and evaluation of the coalition's goals and initiatives.
- sharing responsibility for meeting preparations, facilitations, and ongoing recruitment of additional partners.

The benefits include:

- shared understanding and vision for our community.
- increased understanding of our community's strengths and needs.
- greater collaboration of organizations and initiatives that are intended to benefit families and our community.
- regularly facilitated conversations about, and action plan for, families and communities.
- partnerships with schools and communities to support promotion of community wellbeing.
