

## Fall Session - Class Descriptions

### MONDAY/WEDNESDAY CLASSES

#### **Class Title: Rock Band**

Teacher/Partner: Ben Gualtieri

Description: Want to sing or play bass, guitar, piano, violin, drums or any other instrument for the Creative Arts Rock Band? You must audition to join! Once part of the band, you will work on technique and expression, and rehearse and perform a variety of music.

#### **Class Title: CreaTECH (Wednesdays ONLY)**

Teacher/Partner: Joe Houlihan – Saint Paul Public Library

Description: Play video games with friends, create a design on the laser engraver, dive into a VR game on an Oculus Quest headset, try your hand at painting, drawing, and sewing, pilot a drone, or record your next song in the recording studio.

#### **Class Title: Magic the Gathering**

Teacher/Partner: Erik Patton

Description: Magic is the original trading card game! Channel your inner planeswalker and learn the secrets of deckbuilding. We will be mainly playing formats such as Commander, Pauper, and tabletop jank. Bring your own decks or build one from the instructor's collection of bulk. All are welcome.

#### **Class Title: Dance**

Teacher/Partner: Teacher Pending

Description: Come move your body and dance! You will be learning a variety of moves and routines. Make sure to bring comfortable loose clothes for this class!

#### **Class Title: GSA (LGBTQ+ Allies Club) (Mondays ONLY)**

Teacher/Partner: Karla Berry

Description: This club is open to all students who are looking for a safe space after school and/or are committed to making our school building a safe place for all. This space is for learning, supporting and having FUN!

#### **Class Title: Lego League**

Teacher/Partner: Mario Shellenberger

Description: Lego League guides youth through STEM learning and exploration at an early age. From Discover, to Explore, and then to Challenge, students will understand the basics of STEM and apply their skills in an exciting competition while building habits of learning, confidence, and teamwork skills along the way. And it's just fun!

### TUESDAY/THURSDAY CLASSES

#### **Class Title: Design Team**

Teacher/Partner: – Science Museum of Minnesota

Description: Explore STEM (Science, Technology, Engineering and Mathematics) and SOCIAL JUSTICE (fair and equal treatment for all) through hands-on STEMJustice activities. Try out 3D printing, design and engineering challenges, robotics, urban gardening, DNA extraction, and much, much more! Participating in the Design Team program gives you the perks of receiving free Science Museum tickets and discounts at museum stores for you, your family and friends! You will also get a chance to come to the Science Museum one Saturdays a month to meet and work with other Design Team students from all participating schools.

#### **Class Title: Fiber Art Surprise**

Teacher/Partner: Teacher Pending

Description: Do you like learning how to make things such as scarves, pot holders, clothes/costumes, jewelry or art for your wall? Sign up and get excited. An expert in one these fields will be here to help guide you through the process! Keep what you make or pass along to a friend or someone in need.

#### **Class Title: Dungeons and Dragons**

Teacher/Partner: Erik Patton

Description: Welcome to Dungeons & Dragons! In this class we'll be playing the classic tabletop roleplaying game and learning all about storytelling while we do it. Create characters, experience action and magic, and collaboratively craft epic stories all our own. Come join in the adventure!

#### **Class Title: Open Gym/Board Games**

Teacher/Partner: Charlie Cornelius

Description: Let off some steam and get some exercise while having fun playing games with your classmates! Try a new sport or improve your skills with a familiar one. Don't make climbing the stairs your only exercise! Learn new board games, develop strategy, and have fun playing a variety of games with your peers! Spend the afternoon with a little bit of competition and a lot of fun!
