This week we'll be exploring the concepts of community and communication both within and without our classroom. We'll be reading books whose message is how communities look different, but we all have responsibilities within a community to communicate what we need or want, to take care of each other, and to practice cooperation.

Reading Stamina
Reading for a long time without getting too tired or giving up

What it Looks Like	It's Not:
read quietly eyes on the book get started right away stay in one spot	playing talking skipping or flipping pages looking all around ripping books

In math patterns are still the focus, extending into the hundred chart and exploring relationships between numbers, digits and different ways to represent the concept of numbers.

Reading assessments are underway, as is growing stamina for independent reading and choosing just right books.

If you have an urgent message, please call the school at 651-293-8735. Otherwise, please email.

All the best, Team One/Two
