

# Bookmaking

Create unique designs by making your own books. Learn to bind books using different binding techniques. Discover image transfer methods that allow you to add images into your books.

**Credit Area: Visual Art**

**Teacher: Kent Miller**

# Friendly Math

We will learn personal finance, consumer math and Algebra 1.

**Credit Area: Algebra 1**

**Teacher: Anupma Sharma**

# Images of War: Past and Present

This project will explore through film and photography major conflicts in US History. (WWII, Vietnam War, WWI, Iraq War, Afghanistan War) Students will be engaged in assessing the social, political, psychological and human aspects of US wars. We will look at how US wars past and present have unified and divided our country and influenced the world. Finally we will explore the multiple ways these wars have affected soldiers, their families and civilians.

**Credit Areas: US/World History or Human Geography**

**Teacher: Tom Davies**

# ReCycle, UpCycle, ReFashion

This is an opportunity for students to use their creativity to remake or refashion clothing, furniture and cardboard boxes.

**Credit Area: CTE**

**Teacher: Sharon Stone**

# Sports and Society

What do you know about Jackie Robinson or Althea Gibson? What about Muhammad Ali? They are not just athletes, but larger than life icons in American culture. Students will explore through film how our understanding of sport is shaped by social and historical contexts. Students will also critically assess the relationship of sports to issues of race, equity, and identity.
