

What is a Family-School Compact?

A Family-School Compact for Achievement is an agreement that parents, students and teachers develop together. It explains how parents and teachers will work together to make sure all students get the individual support they need to reach and exceed grade level standards.

Jointly Developed with Parents

The parents of Benjamin E. Mays IB World School helped develop this Compact for Achievement. School wide meetings are held each year to update the compact. Parents are welcome to contribute comments at any time.

For more information on the 1st grade compact, please contact Karen Shanahan at Karen.shanahan@spps.org or 651.325.2400.

Communicating about Learning

Benjamin E. Mays IB World School is committed to communicating regularly with families about children's learning. Some of the ways you can expect us to communicate are:

- *Weekly Highlights* e-mail
- Bi-Weekly Classroom Newsletters
- Teachers will give families their contact information at the start of the school year.

Do you have questions about your child's progress? Contact their teacher.

Activities to Support Partnerships

Conferences

November 17, 3:00-6:00 pm
November 19, 3:00-6:00 pm
November 20, 8:30am-2:00 pm
March 23, 3:00-6:00 pm
March 25, 3:00-6:00 pm
March 26, 8:30am-2:00 pm

Benjamin E. Mays IB World School

1st Grade Compact 2020-2021

**Information to help your child
succeed in school**

Mr. Kirk Morris, Principal

Teachers, Parents, Students – Together for Success

During the 2020-2021 school year, Benjamin E. Mays IB World School will be focused on Student Voice, which is:

- including the opinions, beliefs, perspectives, and cultural backgrounds of students to increase their sense of agency and ownership.
- engaging students in learning experiences that encourage class discussion and academic discourse.
- supporting students in becoming more independent learners through productive struggle and an increased sense of self-efficacy.

Our school-wide approach to Student Voice includes our commitment to Restorative Practices, inquiry-based learning (IB), increased opportunities for students to explain and justify their thinking, and culturally responsive instruction grounded in relevance, relationships, and rigor.

District Goals

District Goals for Student Achievement

More at spps.org/strategicplan

- Decrease disparities based on race, ethnicity, culture and identity
- Increase achievement of English Learners
- Increase achievement of students receiving special education services
- Improve kindergarten readiness
- Increase academic growth in reading and math for all students
- Prepare all graduates for college, career and life

School Goals

Reading:

The percent of student scoring proficient or higher in reading will increase from 18.4% to 35% by Spring 2021 as measured by the MCA.

Math:

The percent of students scoring proficient or higher in math will increase from 16% to 35% by Spring 2021 as measured by the MCA.

In the First Grade Classroom

The first grade team will work with students and their families to support students' academic success. Some of our key connections with families will be:

- Literacy will focus on reading and writing over a sustained period of time.
- Goal of 30 minutes sustained reading by the end of the year.
- Writers will have a daily opportunity to develop their skills in class. Information regarding our writing units will be included in our classroom newsletter.
- Addition and subtraction facts are taught with the goal of automaticity. Coin values are also taught in 1st grade. Math games will be provided to families during conferences and Take Your Parent to School Day to practice these skills.
- At the beginning of each of the six IB units, we will send an IB Programme of Inquiry brochure home.
- First Grade will host an IB Showcase event inviting the community to school to explore one of their IB units.
- Seesaw will be used to communicate and share work samples with families.

At Home

Benjamin E. Mays IB World School parents joined staff to develop ideas about how families can support students' academic success. Families may have other ideas to add to this list:

- Practice reading and math skills with the games the teacher provides.
- Encourage my child to read and write at home.
- Know which math facts my child is currently working on and support them.
- Use coins at home. Begin by asking if they recognize a coin and the value. Then move to having them show certain amounts with a variety of coins.
- Attend the IB Showcase event and look for the *IB Programme of Inquiry* brochures.
- Visit the library.
- Look for the *Weekly Highlights* e-mail.
- Check my student's backpack weekly.
- Use Seesaw to follow my child's classwork.

Benjamin E. Mays Students

Benjamin E. Mays IB World School students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars. Students thought of the following ideas to make connections between learning at home and school:

- Count out change for my parents when we go shopping.
- Read for fun often.
- Bring the classroom newsletter and IB Programme of Inquiry brochures home and show them to my parents.
