Dear Parent(s)/Guardian(s) and Student(s):

As our school year ends, we are already excited for the 2018-2019 school year! As your counselors, we are here to help support students in their academic goals, social and emotional needs, as well as their future endeavors in college and careers. We know that 2018-2019 will be our best year yet and all of our HAWKS will truly soar.

In hopes of getting you excited for our upcoming school year, we are letting you know that you can access your schedule on your Campus account. Please take a look at your schedule for the upcoming 2018-2019 school year. *Please note: Schedules may change. Changes may include classes, teachers and room numbers. When your student arrives to school in the fall they will be given a schedule reflecting any updates.*

Students should take the following steps:

Step 1: Review your schedule and determine if you want to change an elective class.

Step 2: Look below at the list of available electives that hour and pick out the class you want.

Step 3: Email your counselor with your selection, along with your name and student number.

- Be sure to indicate the period and class title for the class you want.
