

Dear Saint Paul Public Schools Community,

In the best interest of the health and safety of our students and staff, all Saint Paul Public Schools will be closed for the rest of the school year, due to the hot weather.

**Students will not switch to distance learning for these days;** however, they will be able to turn in assignments. This also means students currently enrolled in virtual learning will not have class after today, June 8.

Our buildings will remain open this week and on Monday, June 14, for students to pick up and drop off materials. School staff will be at buildings to receive assignments and complete end-of-year procedures.

**Athletics, performances, activities and graduation ceremonies will continue as planned.** Schools will provide more information where applicable.

Meal boxes will be available for pick up at schools.

[See pickup times and locations here.](#) Families that were scheduled for meal delivery this Friday will receive delivery as normal.

Current Discovery Club families will have care available at Rondo, Horace Mann and Expo on June 9-11. Families must register for the care needed through their online account [HERE](#).

We are very sorry to have to end the school year in this way. We know how much students and staff look forward to this time of year. This is not how any of us wanted this school year to end. We know our families and staff have been through so much and we appreciate all of your support this year.

A [map of cooling centers](#) and hot weather precautions are available on the [Ramsey County website](#).

Thank you.
