Hello Harding Students and Families!

As of yesterday, you should have received the communication from our District about the In-person Academic Student Support Program at the secondary sites. I have created a slide deck to be available on our website starting tomorrow for you to review and learn more about how we are planning our support program at Harding. We are working on getting this information out to our families in multiple languages. Please check back often as I will be updating this slide deck on a regular basis as I receive the updates in our planning.

If you have any questions that cannot be found in the slides, please reach out to anyone of the Administrators here at Harding. Our preferred contact information while we are working remotely is listed below. You can also continue to call our main line and the message will be passed on to us.

Thank you for your patience and partnership as we continue to develop a plan that will be safe and supportive for our students and staff.

Your Admin Team,

Be Vang, Principal (be.vang@spps.org, #901-231-9804)

Career Chat is a monthly program, offered by the Counseling Department at Harding High School for our students to hear and explore different career paths from current professionals and college students in the field. Thank you to the Get Ready Program for their support with this program as well. The February Career Chat will be on Business. If you have any questions and/or suggestions of future career chat topics, please email Mr. Lo at vang.lo@spps.org.

### Important Reminder: Quarter 1 Credit Earn Back Opportunity

Based on the challenges students continue to face in distance learning, SPPS is offering an opportunity for all 9-12th grade students who earned a NP grade in one or more classes during the first quarter to earn a D in the first quarter by successfully earning a passing grade in the 2nd quarter. **2nd quarter ends on Thursday, January 28th, 2021.**

In the 2nd quarter, any passing grade, A+ thru D-, will result in students receiving a grade of D- for the 1st quarter.

Please have your student continue to work with their teachers and counselor to recover first quarter credits toward graduation. These grading changes for the first quarter strive toward equitable grading practices. We understand that distance learning, along with the stress of living through a pandemic, has an impact on our students.
