

# Building Construction Project

Horace Mann's school building is being remodeled!

## What changes will the school have?

- Renovation of the existing building with new restrooms; the relocation of the playground; and updated mechanical and electrical systems
- A two-story addition will include new classrooms, kitchen, cafeteria and student support spaces

## When will this construction project happen?

- **April 2017:** Construction begins
- **August 2018:** Project completed

## Will students still be able to attend the school during construction?

**Yes!** School will be conducted as usual during construction.
