

2/20/2020

Dear Families and Friends of Four Seasons,

Last year, we celebrated “Simply the Best” of our all school musicals. It was a retrospective of many of our favorite songs and dances from the last 21 years of our original, all-school musicals. We enjoyed the company of our students and families, and we walked away singing the songs all through the summer. While we are sad to see the end of this era, we look forward to our next adventure with the same energy and passion for the arts.

As we move into a new year, we are excited to share our next All-School End Of The Year celebration - **Four Seasons Festival of the Arts!** Every student in school will be involved in an authentic and inclusive performance that celebrates many of the cultures that we share here at Four Seasons A+ Elementary School. There will be several smaller performances throughout the remainder of the school year. Then, on the first Thursday of June (as is tradition) we will gather as a larger school community to celebrate together our first annual All-School **Four Seasons Festival of the Arts!** There will be performances by each class, a visual art gallery, games, food trucks, t-shirts and more - a real **Festival of the Arts!**

We are looking for volunteers to help our students learn and perform. We are also looking for families to share their gifts and talents with our students and community at large. If you have something that you would like to share or if you would like to help our students learn about your unique culture, please contact an Art Specialist!

Please watch for more information coming home in your student’s backpack as well as on the Four Seasons Facebook page! If you have any questions, please feel free to contact any of the Arts Specialists. We are looking forward to new celebrations with our students and families!

Sincerely,

Sidney Pudwill, Dance Specialist	(sidney.pudwill@spps.org)
Ahna Logan, Theater Specialist	(ahna.brandvik@spps.org)
Kristy Rolig, Visual Art Specialist	(Kristy.rolig@spps.org)
Holly Magner, Science Specialist	(holly.magner@spps.org)
