I won't be able to socialize with my friend group	47%	51%	Adults won't keep 6 foot social distance	59%	46%	My student(s) won't be able to socialize with friend group	42%	48%						

### Comments from family respondents

**Because of these concerns, we're looking for online-only instruction.**

**...concerned about kids wearing masks, ridiculous!! Open the schools!!! This fear pandemic needs to end!!!!!!!!!!!!!!**

**GAMBLING IS FOR CASINOS NOT SCHOOLS. ZOOM UNTIL VACCINE!!**

**Amid planning to reopen buildings there has not been enough planning to make distance learning robust and engaging.**

**Worried about the impact of distance learning. It seems impossible for a kindergartner to benefit from online learning**

**2 days a week is enough to get sick but not enough for parents to work ft or kids to really learn**

### Daily practices to reduce the spread of COVID-19

	Students		Staff		Families	
	Pulse 1	Pulse 2	Pulse 1	Pulse 2	Pulse 1	Pulse 2
Carry and use hand sanitizer	73%	68%	86%	82%	84%	84%
Cover cough/sneeze with tissue/arm	91%	78%	98%	94%	94%	92%
Do not touch my eyes/nose or mouth with unwashed hands	74%	64%	87%	77%	80%	77%
Self-quarantine if I feel sick	83%	53%	96%	74%	--	87%
Take my temperature	43%	27%	46%	30%	--	69%
Wash hands frequently	90%	85%	98%	95%	81%	76%
Limit time in public	--	69%	--	89%	--	91%

### Distance learning preference

The percentage of families that said they would enroll in full-time distance learning increased noticeably; the percentage of families indicating they are undecided and would not enroll in full-time distance learning decreased.
