| Impact on teachers and instructional staff | To what extent has the Envision program impacted SPPS’ ability to retain high-quality diverse instructional staff? | All below indicators will be disaggregated by race to explore possible inequitable impacts on BIPOC educators. This indicator is of particular importance given the desire for SPPS teachers to reflect the student population demographics and the challenges the district faces in recruiting and retaining BIPOC educators.  
- Percentage of the merged schools’ staff (classroom teacher, specialist, EA, Support staff) last year are at the new sites.  
- Number and percent of displaced teachers accepting a new position in the district.  
- Number and percent of teachers retained in the new position for 1 and 3 years.  
- Number and percent of displaced EAs and TAs accepting a new position in the district.  
- Number and percent of displaced EAs and TAs retained in the new position for 1 and 3 years.  
- Average years of service and licensure areas of teachers that left the district vs those who were retained.  
- Number and percent of displaced teachers that are first-year and probationary teachers.  
- Comparative outcomes of displaced first-year and probationary teachers versus tenured teachers. | Human Resources data | Secondary data analysis reporting, means, N’s and percentages as applicable for each indicator. Results disaggregated to the extent possible given privacy considerations. |
