

What is a Family-School Compact?

A Family-School Compact for Achievement is an agreement that parents, students and teachers develop together. It explains how parents and teachers will work together to make sure all students get the individual support they need to reach and exceed grade level standards.

Jointly Developed with Parents

The parents of Benjamin E. Mays IB World School helped develop this Compact for Achievement. School wide meetings are held each year to update the compact. Parents are welcome to contribute comments at any time.

For more information on the 2nd grade compact, please contact Karen Shanahan at Karen.shanahan@spps.org or 651.325.2400.

Communicating about Learning

Benjamin E. Mays IB World School is committed to communicating regularly with families about children's learning. Some of the ways you can expect us to communicate are:

- Weekly Highlights e-mail
- Weekly Wednesday Packets
- Weekly Classroom Newsletters
- Teachers will give families their contact information at the start of the school year.

Do you have questions about your child's progress? Contact their teacher.

Activities to Support Partnerships

Conferences

November 15, 4:00-7:00pm
November 17, 4:00-8:00pm
November 18, 8:30am-3:00pm
March 21, 4:00-7:00pm
March 23, 4:00-7:00pm
March 24, 8:30am-3:00pm

Parent Workshops

Title I Night/Mays CAFE November 10, 5:30-7:30pm
Take Your Parent to School Days for Pre-K, K, and 1st (dates TBD)

Parent Academy 6 Thursdays in spring (dates TBD)

Lunch with the Principal will take place fall, winter, and spring at 11:30 on the following dates:

- September 23: Building Community
- January 13: Academics

2nd Grade Compact

**information to help your child
succeed in school**

Mr. Kirk Morris, Principal

Teachers, Parents, Students – Together for Success

District Goals

District Goals for Student Achievement

All students are at grade level and making growth in these areas:

- Pre-Kindergarteners on target in reading
- 3rd graders at grade level in reading and math
- 5th graders at grade level in reading, math and science

Decrease the gaps between student groups in:

- Grade-level learning, measured by MCAs
- Identification for Talent Development and Acceleration Services
- Referral to Special Education
- Absences
- Suspensions

School Goals

Reading:

The percent of student scoring proficient or higher in reading will increase from 19% to 38 % by Spring 2017 as measured by the MCA.

Math:

The percent of students scoring proficient or higher in math will increase from 20% to 39% by Spring 2017 as measured by the MCA.

Equity:

The percent of students who have had five or more out of classroom referrals in 2015-16 school year will decrease in 2016-17 year by 10% as measured by SWIS data.

In the Second Grade Classroom

The second grade team will work with students and their families to support students' success in reading and math. Some of our key connections with families will be:

- Provide parents Sight Word Flashcards and ways to use them during conferences for students that need them
- With the focus of reading aloud; teachers will share with parents how to choose books at child's reading level and will send books home at this level
- Provide links on the classroom page of the school website to fun math sites to build student skills in basic facts
 - Addition
 - Subtraction
 - Telling time
- Send home math fact triangles with directions on how to use them
- Provide paper clocks with moving hands for families to use at home

At Home

Benjamin E. Mays IB World School parents joined staff to develop ideas about how families can support students' success in reading and math. Families may have other ideas to add to this list:

- Have fun with the flashcards the teacher provides.
- Visit the classroom page of the school website and check out the links.
- Look for the classroom newsletter every other week
- Listen to your student read aloud
- Visit the local library
- Have your child help count change when out shopping
- Use the paper clocks to help my child learn how to tell time. One suggested activity is to ask "Show me what time we....(eat dinner, go to bed, leave for the bus, etc.)"
- Look for the *Weekly Highlights* e-mail

Benjamin E. Mays IB Students

Benjamin E. Mays IB World School students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in math and reading. Students thought of the following ideas to make connections between learning at home and school:

- Keep a chart of the times I use the Sight Word flashcards
- Bring home our school and classroom newsletter and show them to my parents
- Read out loud at home to my family every day
- Check out the math websites suggested by the teacher
