1. Jill Jackson, Program Director, Building Blocks Tutorial
   Reverend Dr. Tim Johnson, Pastor at Cherokee Park United Church
   Reverend Joanne Sylvander, Chair of the Building Blocks Ministry Team at Cherokee Park United Church

In 1989, Cherokee Park United Church began a volunteer-based, after school tutorial program for children attending public elementary schools on St. Paul’s West Side. The program, which annually serves approximately 20 to 30 children, has developed a strong reputation for excellence in the community and beyond. The congregation of Cherokee Park United supports the program with their time, energy, resources, and prayers. They also secure the funding to operate the program. For the first twenty-five years of the program, Building Blocks tutoring took place at the church. In the fall of 2013, the program became part of the After School Collaborative Program at Riverview School.

The Building Blocks Tutorial program is ending after twenty-seven years. An awards dinner was held on May 7 and a community farewell celebration is planned for Sunday, May 31, at Cherokee Park United Church beginning at 11:30 am. All are welcome.

VIII. COMMITTEE REPORTS

A. Committee of the Board Meeting of April 7, 2015

This meeting involved a number of lengthy reports and updates for the Board.

Representatives from the Saint Paul Teachers Fund Retirement Assoc. and the Minnesota Public Employees Retirement Assoc. provided an update on GASB 67/68 Accounting & Financial Reporting for Pensions. They stated these new GASB Rules impact the reporting of pension liabilities by pension plans (GASB 67) and school districts (GASB 68) but do not fundamentally change the underlying information or school districts’ financial obligations.

An update was provided on Plans for Summer Term (S-Term) 2015. Session 1 runs from June 15 to July 9; Session 2 runs from July 13 to August 6, Freedom Schools run from July 13 to August 21 and the SPPS multi-district programs run on various dates depending on the program.

Next came an in-depth report reviewing the data applying to Asian Student Academic Performance. The data covered several areas: demographics, enrollment, attendance, discipline, ACCESS, MCA results, graduation and ACT/post-secondary information.

This was followed by an update on the Facilities Master Plan and where it is in its extensive development process. A schedule of dates for additional reports to the Board was provided.

Finance provided an FY 2016 Budget Update laying out the most current details on the district budget planning process and best estimates on where the budget stands currently.

There were no standing item reports at this meeting and it ended with a Board work session which involved a Board check-in, a report from the Student Involvement Work Group, a Report from the Superintendent Mid-Year Review Work Group and scheduling Board member representation at upcoming graduations and recognition events.

RECOMMENDED MOTION: That the Board accept the report on the April 7 COB and approve the minutes of that meeting as published.

The motion was approved with the following roll call vote:

IX. SUPERINTENDENT’S REPORT

A. Language Immersion Program Overview - This presentation was removed from the agenda for presentation at a later date.

B. FY 16 Budget Update

The FY 2016 budget aligns with the SSSC 2.0 goals of (1) Achievement for all students, (2) Alignment of school programs and (3) Sustainability to optimize classroom resources and academics. SSSC 2.0 focus areas are racial equity transformation, personalized learning, ready for college and career, excellent Pre-K-12 programs with connected pathways and systems that support a premier education.

The CFO reviewed the 2015-15 budget guidelines. In general, the revenue for the FY 2015-16 general fund is relatively flat compared to the current year. The budget meets required contractual obligations. All schools do not receive the same amount of money per pupil because some school funding is categorical (having specific criteria on its spending), funding for Comp Ed and Title I follows the students on a one year delay (previous year's October 1 count) and higher poverty schools have greater access to categorical dollars than lower poverty sites. School enrollment affects the dollars allocated.

3. Fund Balance

Fund balance is a residual, assets over liabilities (equity). It can be part Restricted and part Unrestricted. Additional revenue will increase fund balance while additional expenditures will decrease it. It plays an essential role to mitigate current and future risks. Unrestricted (unassigned) fund balance level is crucial in long-term financial planning. Credit agencies monitor Unassigned fund balance to determine creditworthiness. They favor an increased level of fund balance. The SPPS Board sets an Unassigned General Fund balance of at least 5% of annual general fund expenditures.

Fund balance categories for SPPS (projected as of 6/30/15) are:
• **Non-Spendable** - includes amounts not in spendable form (inventory & pre-paids) $1.4*

• **Restricted** - includes amounts that are subject to externally enforceable legal restrictions outside the control of local government (OPEB Trust) 15.9

• **Committed** - includes amounts constrained for a specific purpose using its highest decision-making authority, the School Board (severance, Retiree Health insurance) 27.9

• **Assigned** - includes amounts constrained with the intent to be used for a specific purpose, authorized by the School Board or individual authorized by the governing body (Next year operations, SSSC 2.0 initiatives, Site carryover) 14.8

• **Unassigned** - Board Policy sets the minimum at 5% of annual General Fund expenditures 30.0 or 5.2%

Total Fund Balance (estimated as of 6/30/15) $90.0

7. **FY 2015-16 Title I Budget Projection** indicates a reduction of $3.9 million.

- $2.1 million in carryover funds from post ARRA funding are gone creating a funding cliff (without post ARRA funds and special waivers, impacts of Title I reductions would have been felt sooner)
- $1.8 million in Title I funds due to Minnesota receiving less of the Federal share (Minnesota has fewer students in poverty as compared to other states with higher concentrations of poverty)
- FY 16 budget base estimated on previous year reduction of 6%.
The FY 2015-16 New Title I Budget Model works to:
- Minimize impact directly to schools, programs took majority of Title I cuts, schools only 2%
- New model distributes Title I funds to schools to lessen the impact of cuts
- Tiered approach funds all eligible Title I schools and minimizes the impact on schools with high concentrations of poverty.

By law SPPS must fund 75% or greater F&R.

Model:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Overall schools saw about a 2% decrease.

9. **Other factors** influencing the budget are:
- Third quarter projections impact fiscal year end fund balance
- Enrollment fluctuations impact revenue, class size and building capacity
- Contractual settlements impact expenditure levels
- Legislative adjustments impact revenue
- Previous year’s October 1 Free & Reduced lunch count impacts revenue
- Bond ratings
- Funding has not kept up with inflation.

The CFO reviewed the budget adoption schedule and engagement efforts to introduce the budget to various groups and communities.

**QUESTIONS/DISCUSSION:**

- **Why was inflationary increase not foreseen?**  
  **Response:** The information was provided during the negotiation process. It has also been obvious SPPS has been using fund balance over time to meet inflationary costs.

- **Why is the public asking the question if it so obvious?**  
  **Response:** When the teacher contract was settled it added $21 million (wages only) to district costs which was information provided openly on the SPPS website during the negotiation process. Additionally, last year’s Title I budget was cut, it has been again this year and will be cut again next year if funds are not increased by legislation. Compensatory dollar allocation has changed with more students on reduced (compensated at a lower rate than free) rather than free. During the past five years SPPS has been in a comfortable position with no cuts having to be made. The reality is when SPPS is operating in the positive the community does not pay attention but does when cuts begin to impact their interests. The greatest expense SPPS has is staff and they are in the schools.

- **Another part of the challenge is, because SPPS wants to use whatever funds it has available for the students, it has not been as aggressive as it should have been in building up fund balance. There may need to be additional cuts if the legislature provides less than the currently projected 1% increase. Schools operate on Federal and State funding which has not increased to meet needs, mandates or inflation and with a contract, approved in order to avoid a strike, that has provided substantial additional costs. The reality is everything is going to hurt; the funds are just not there to support the status quo. Administration is open to finding ways to provide more funds but, in the end it will all impact schools in some way.**

- **There are two PLCs a week, could staff be effective with only one? Can sites decide to utilize PLC funds if they wish?**  
  **Response:** That is an HR issue and there may be contractual clauses defining what can or cannot be done.

- **A Board member noted that when the Board discussed the overall impact of some of labor contracts, there was a number provided for FY 16 indicating a shortfall and uncertainty about where SPPS would be with fund balance. There has been some over**
commitment so that will need to be addressed in some manner and SPPS will need to look at how or if it can continue to fund some programs that have been added.

- The real current need is for the SPPS community and St. Paul residents to contact their legislators and provide input on the need to increase education funding and keep the focus on raising academic standards for all kids
- The Chief Executive Officer stated communication around the cost to the budget was provided throughout negotiations. The cost of the various proposals that were put forward were published as the proposals were evaluated. The teacher contract was settled after the budget had been set for that fiscal year and cost impact was seen in that fiscal year and into the current. SPPS will have to make reductions and those decisions will be difficult. The budget encompasses SPPS core values - class size, the additional supports of counselors, nurses, librarians, etc. It values supports to other areas - AVID, science, etc. but it also needs to see greater efficiencies due to lack of funding.
- Has SPPS looked at district expenditures of similar sized districts as a comparison to see how they are addressing issues? Has SPPS looked at the budgets of its various departments, programs, etc. to see if there are cuts to be made there? What are the departments and what are their budgets and what are other suburban districts doing and where are they cutting?
- What happens if SPPS goes below the 5% fund balance threshold? Response: The Board policy sets the fund balance level at 5% or greater. If SPPS goes below that threshold, it will need to take immediate action to bring the fund level back to 5%. That would mean reducing expenditures somewhere.
- With $2.5 million in additional funds why are some schools facing cuts? Response: There are several factors; 1) the inflation allocation to schools was increased because they budget FTEs on an average salary figure but actual cost is generally higher in the end. 2) A school's projected enrollment may have changed and Compensatory and Title I dollars are based on previous year poverty counts which also may have changed. The revenue change in Compensatory and Title I all indirectly impacts schools with services it can no longer provide. Supplies are budgeted at the same amount/school, however some schools may have additional positions that are not part of that criteria (TA, EA, coaches) and the funding may not be there any longer. $2.5 million is not enough to retain all the positions needed to support classrooms. There are multiple factors impacting schools and each will be impacted differently. The budget presented is a "point in time" and changes constantly as numbers change.
- The comment was made SPPS made commitments and it is seeing the implications of those decisions now and everyone is unhappy. Would it be possible to think about opening the opportunity for schools to propose changes to class sizes at school level in order to create additional opportunities for the schools? That would require Board approval, of course, but the Board is also the only one who can invite such an opportunity. It would allow choices at school level to meet the needs of children at that school.
- Should SPPS have levied for the maximum amount in December? Response: Cities and counties have an easier time matching their levy to budgets as they happen within the same timeframe. SPPS must project further out on what its needs will be for the budget as it operates on a different timeframe from cities or counties.
- SPPS moved to go with pay as you go and that too affects the current budget but will show benefits further out.
- Comment: If you don’t levy for the dollars you don’t get the dollars.
- The Vice Chair noted the May 5 COB would provide an opportunity for board members to look at the overall budget and see how departments/programs are funded.

C. Overview of School Selection Season
The "lottery" was completed March 25, 2015. There were 6,557 on-time participants, 2,809 reserved seats, 99 late applications of which 57% received one of their choices.

1. Admission Priorities
• Pre-K - all Pre-K programs give priority enrollment consideration based on income guidelines, home language and/or special education and then in the order of community school zone, area, regional, district, out of district.

• Elementary - Community school priority by community school zone, Reflecting St. Paul, specific employee consideration, area, district, out of district

• Elementary - Regional priority by regional, Reflecting St. Paul, specific employee consideration, district, out of district

• Elementary - District priority by Reflecting St. Paul, specific employee consideration, district, out of district

• Middle and High School priority by magnet/articulation, area, specific employee consideration, regional, district, out of district.

2. Lottery Results

• For the Kindergarten lottery 1,565 participated - 89% of students placed received their first choice, 94% of students were placed. 92 had no placement.

• For the 1st through 12th grade lottery 3,543 students participated, 74% received their 1st or 2nd choice, as decrease class size these numbers will decrease. There were 2,809 reserved seats.

• Pre-K had 1,447 students of which 73% were placed with 386 students remaining on the waiting list. Requests have increased, but placement has gone down and many are full day, richer program but fewer openings. Criteria for pre-K most resources for students who have need high poverty, special education or a home language other than English to address gap and get children ready for Kindergarten. Waiting list currently did not meet those criteria.

3. Applications

• Application increases occurred at Jie Ming, Open World and Parkway.

• Schools with waiting lists are:
  o Elementary - JJ Hill (86), St. Anthony Park (39) and Nokomis (53)
  o K-8 - Capitol Hill (600) and Farnsworth (66)
  o Middle - Highland Middle (51) and Open (156)
  o High School - Central (167), Washington (117) and Highland Senior (64)

4. Reflecting St. Paul had 325 applicants - 78% received their first choice and 98% of the seats were filled. Schools included: Capitol Hill, Chelsea Heights, Expo, Groveland, Highland Park, Horace Mann, Jie Ming Mandarin, JJ Hill, L'Etoile du Nord, Randolph Heights and St. Anthony Park.

5. School choice process - 700 surveys were completed showing the School Selection Guide was helpful and the School Choice Fair was helpful. The majority used online to complete applications and challenges were how priorities, the Lottery and the Wait List work.

5. What's next - 700+ late applications will be worked on, phone calls will be made, site-based outreach will continue to be done. 130 new Kindergarten applicants needing to be processed, summer recruitment will continue. The School Choice Process planning is underway and where to locate, etc. to develop a recommendation. Support for open houses as well.

QUESTIONS/DISCUSSION:

• Open World - did they get an additional sixth grade? Response: No, they are still at two sections due to the number coming in and class size limitations. There is very little attrition at Open World so three sections could not build upward. There was intentionality in the design of the building, class size was an important issue so it was designed for a population of around 450 or for about 80 students per grade level.

• There is a perception the District is losing enrollment because of families upset with it. Is that so? Response: That will be addressed in the vision card presentation.

• Marketing the schools – there are some schools with open seats, are they doing any direct marketing? Response: Yes they are. Schools that were very intentional in aligning their marketing saw increases in applications. Grassroots contact such as door knocking is the way to get there. The school staff "make the sale".
SPPS has not been doing a good job of getting Hmong, high poverty and students of color into pre-school. Response: If you look at PreK data, the majority are students of color and are high poverty. Of the seats, 85% were saved for families meeting the criteria of poverty, special ed or a home language other than English.

Does PreK population mirror St. Paul demographics? Response: Staff will have to get back on that.

The School Choice Fair – is demographic attendance data kept on the fair. Response: The current fair is not all encompassing, it is not an option for some families. The Fair is just one piece in how families decide on schools. In addition to the Fair, Community Engagement spends countless hours on other community events such as Head Start, community based agencies, etc. If the Fair is brought in-house (under consideration) it will be less expensive and better located for community access.

For Kindergarten, will places be found for every child? Response: Yes, if possible.

Has SPPS looked at pre-K alternatives – more half days or four days/week rather than five in order to serve more kids. Response: No, it has not looked at a four day week. Most of PreK support comes out of the general ed formula, the referendum or from grants. Currently SPPS is not increasing Pre-K because of funding.

The current focus with enrollment is on helping families find what best meets their needs, bringing in families who have not used SPPS and bringing in students from outside the district.

It was noted that by making commitments to class sizes overall enrollment is capped. If SPPS grows from within St. Paul or outside, it will need to make new schools and will need to address those incremental costs and make the numbers work over time. SPPS needs to find ways for schools to have flexibility in order to maximize offerings to students.

Sibling preference is it an important priority? There seem to be conflicting “trump cards” - does Reflecting St. Paul (RSP) trump sibling preference? Response: No it does not, however it does if a RSP sibling comes into a school, that would trump out of area. RSP trumps everything within its own category. Priorities are a point system, they do not guarantee a seat, they simply mean a student will be placed in that order.

When a grade is closed at a school is a waiting list maintained? What impact does it have on Reflecting St. Paul? Response: Yes, SPPS does keep waiting lists for schools closed in particular grades. Also if situations occur where a placement must be made it is done despite closed status. SPPS monitors openings and moves staff to meet needs. SPPS has used class size for its first year and has learned it cannot predict the future. In some cases there may be an opportunity to do a split class under special circumstances.

Is the contract capping district numbers? Response: In the past certain schools recruited a lot of students from outside the district, now they cannot accommodate that because of the contract.

Is there any oversight done to be sure students are utilizing the pathways they have enrolled in? Response: Some.

French immersion has no waiting list, why? Response: Last year they had the capacity to meet student needs and it is the same this year. Also, families with an interest in immersion are looking at Jie Ming as another immersion option.

In response to an earlier question, there are 62 8th graders at Open school

In response to the demographic question, 30% of pre-K students are Hmong or Asian which aligns with district demographics.

With the Montessori Programs, there are waiting lists for these immersion schools. Response: They are an attraction for parents. SPPS may need to think about another Montessori program.

C. SSSC 2.0 Monitoring: Programs and Pathways

The focus area for this presentation is Excellent Pre-K - 12 Programs with Connected Pathways.

1. School Readiness Metrics
Promise Neighborhood Daycare - three daycare providers, in partnership with SPPS, are using the SPPS early childhood workshop model. This is baseline only - SPPS is partnering with three out of 18 providers in SPPN. Support in area of professional development.

Early Childhood Readiness Screening - 2,244 children were screened (20% age 3, 45% age 4 and 35% age 5). This is baseline only, 35% of children screened were 5 years old. Staff noted that the younger children get in to be screened the more opportunity there is to identify areas of concern and to address them in order for the child to be ready to enter Kindergarten.

ECFE Participation - proportionality ratio by race (% of group in ECFE/% of student group). Vision is >.75 all groups. American Indian 1.00 (2% SPPS/2% ECFE), Asian 0.66% (32% SPPS population/21% ECFE), Hispanic - 1.21% (14% SPPS, 17% ECFE), Black 0.60% (30% SPPS/18% ECFE) and White 1.61% (23% SPPS/37% ECFE). This is at Progress Level, Black and Asian students are under-represented in ECFE. Staff noted a significant number of Black and Asian families are participating in the Parent Academy and other such opportunities. For ECFE, SPPS is trying to remove barriers such as transportation and hire staff aligning with the community being served and putting classrooms in neighborhoods with families of color.

2. School Choice Metrics

On Time Kindergarten Applications (% of total projected seats including Pre-K continuing into K). Vision is 70%, this is at Vision level 94%.

Kindergarten Choice (% families that are awarded first or second choice school for Kindergarten). Vision is >85%. This has surpassed Vision Level with 94% of families receiving first (89%) or second choice schools.

Continued Enrollment Metrics

- Continued Enrollment in SPPS (% staying enrolled in SPPS across transition grades). Vision is >85%. Pre-K to K = 84%, 5 to 6 = 81% and 8 to 9 = 84%. This is within stable and progress levels for continued enrollment.
- Continued Enrollment in Pathway by Area (% staying enrolled in pathway across transition grades). This is baseline only for 2015, overall 52% stay in community pathway for middle school and 56% stay in community pathway for high school.
  - From 5 to 6: Area A 38%, Area B 58%, Area C 60%, Area D 43%, Area E 55% and Area F 54%.
  - From 8 to 9: Area A - N/A, Area B 50%, Area C 71%, Area D 72%, Area E 46% and Area F 66%.
- Continued Enrollment in Pathway by Specialized Program (% staying enrolled in SPPS across transition grades). This is baseline only for 2015, overall 63% stay in program pathway for middle school and 56% for high school.
  - From 8 to 9: Aerospace 48%, American Indian 60%, Arts 11%, Capitol Hill 41%, French - 68%, %, Hmong 57%, IB 60%, Montessori - N/A, Science 72% and Spanish - 76%.

Student Placement Exit Survey - this is a new metric with data available for the 2016 VisionCard. Surveys will be sent to all families that have left during the current school year to learn why they left the district. Staff is currently contacting all Kindergarten students who have left the district to assess if there are themes from the responses which would be addressed as necessary.

3. Transitioning to Middle School - Good Things Happen in the Middle Campaign

Communications to families - In May flyers and postcards will be sent to 5th graders and the Middle School Website will be launched. In July, custom flyers will be put up on school websites. In August, flyers will be e-mailed to families of incoming 6th graders with newsletters mailed to homes. Schools held open houses and welcome calls were made from the schools.

Social media with used to promote the campaign
Spring transition activities and supports. Fifth graders participated in visits, tours and shadowing opportunities, parents were offered middle school pathway presentations and families could participate in Middle school showcase events. Lessons were also provided for transitioning 5th graders on academic preparation, social-emotional preparation and practical preparation. Transition Lockers will be available at all elementary schools containing combination lock, organization binders, school maps for every middle school and a FAQ sheet. There will be targeted support for special education and ELL students and a virtual tour will be available. Fall transition support will include open house events, parent orientations, Camp 6 will be replaced with first day/week activities that will include: meeting teachers and school staff, following the new middle school schedule, finding and practicing use of lockers, learning about school expectations and lessons on organizational skills and time management.

4. Student Engagement/Involvement Metrics

- Alternative Education Attendance (% enrolled in S Term). Vision is >80%. This is at 83% or Vision.
- Extended Day Learning Attendance Vision is >80%. Overall total is 76%: Elementary 75%, Middle 72% and High Schools 83% (Vision for this area).
- Out of School Activity Participation (% of students involved in out of school activities via Sprockets). This is baseline only for 2015. 5-9 years old - 42%, 10-14 years 56%, 15-17 years 31% and 18 or older 34%.

QUESTIONS/DISCUSSION:

- With the change from Camp 6 to first week activities, did SPPS involve 6th graders in the process to learn what would work for them? Response: No, not at the beginning but students were involved toward the end of the process.
- It is good to see, at least for Kindergarten, that SPPS is not losing white families, however am troubled to see black students leaving SPPS at Kindergarten. When will you know the reasons for that? Response: The Kindergarten surveys will be conducted over the next 30 days, SPPS will contact 147 families and talk with them about their reasons for leaving the district.
- ECFE and Parent Academy, which is a good vehicle for engaging parents? Is there information on the number of participants in the programs over the years? Response: Yes, we do have actual numbers which could be shared.
- How does one compare with the other as far as engagement? Response: SPPS will continue to support ECFE and work to have more families of color participate. It will also encourage participation in Parent Academy and use of other resources/partnerships as well.
- Screenings are all children screened? Response: No, other community partners and organizations help and try to screen everyone they connect with. There are other avenues (Head Start, doctor’s clinics, community agencies) who screen as well. Work is underway to coordinate all entities to get more students screened at age 3 to allow more time for interventions and to make screening practices more consistent so assessment data is consistent.
- Are there appropriate screening metrics across the city? How is that decision made and when in terms of changing or not? Response: Consistent screening is the goal. Generation X will help coordinate and align screening tools and assessments so like data is being compared. Work will be done over the next 12-18 months to develop a coordinated plan.
- Is a day of learning being taken from students in order to do the modified Camp 6? Response: That introductory piece is part of rituals and routines for the schools and the expectation is it will be incorporated into a regular day. This will allow new students to start their first day of school with a structure using the principles of Camp 6 but in a safe learning environment. It will also save some money in doing it this way.
- Is SPPS planning to get data beyond kindergarten on families leaving SPPS? It would be important to get financial status as well - who and by income. It would also be useful to have information on families coming into SPPS during the year.
E. Personalized Learning Update

Staff reviewed the Personalized Learning Mission and reviewed the agenda and then moved into discussion of:

- Infrastructure status. The RFP for bandwidth and equipment provider is being wrapped up. For JAMF they are implementing a new load balancer strategy, rolling out a customized SPPS App Store and working on concurrent enrollment for volume purchasing.
- Device repair: Student use of AppleCare 1.6% loss or damage Staff use of AppleCare
- Handout status - all 2014-15 sites handouts are completed and a preliminary handout schedule for next year has been developed.

- Transforming Learning - visual presentations of iPad work from Randolph Heights and Highland Park were provided.
- Genius Squad consists of 198 individuals grades 6-12 and 52 members PreK-5. Its latest activities include a visit to General Mills, developing and scheduling GeniusCon and helping with iPad for Educator events.

Measuring PL Success shows:

- Closing technology gap:
  - 68% of all SPPS students have iPad enrolled in Casper
  - Wireless upgrades on schedule
  - Year 1 student device handout completed 2/26
  - Year 2 teacher handout launches 2/27
- Preparing teachers:
  - Drop in PD as part of every student handout

QUESTIONS/DISCUSSION:

- How are students using the tools, are they past the fooling around stage? Response: Yes, they are definitely beyond the "fooling around" stage and into using the tools to expand their learning experience.
- Professional development, if it being provided? Yes (a slide listing opportunities was provided).
- What about secondary programs? Response: At Highland Senior it has expanded teacher efficiency and changed how direct instruction takes place. 83% of teachers using the technology report they have the competency to incorporate technology into teaching.
- It seems communication about taking away the Apple store and implementing the SPPS app. store was apparently rather hit and miss. Response: Staff indicated they would look into that and address the issues.

Resolution Approving Trustee Appointment to Minnesota School District Liquid Asset Fund Plus

RESOLUTION APPROVING TRUSTEE APPOINTMENT

Whereas, Jean O'Connell has been elected to serve as voting Trustee of the Minnesota School District Liquid Asset Fund Plus (the “Fund”) for a term expiring at the annual meeting to be held following the conclusion of the fiscal year of the Fund ending on June 30, 2015; and

Prepared and submitted by
Marilyn Polsfuss
Assistant Clerk, St. Paul Public Schools Board of Education
I. CALL TO ORDER

The meeting was called to order at 4:32 p.m.

II. AGENDA

A. Legislative Update

The Legislative Liaison reviewed the timeline for legislation in order for the House and Senate to adjourn by May 18. She outlined how the omnibus finance bill differs between House, Senate and the Governor's proposal and the obstacles facing reaching compromise. There is a good chance there will need to be a special session and the Governor is only one who can call a special session. However, once called, the legislature governs the length of the special session.

She then reviewed the Tax bills, both passed with major money and policy differences which she outlined. The conference committee will convene in the next few days to address the differences.

The E-12 bill moved into conference committee today and various provisions are being reviewed. She indicated the entire education community is lobbying leadership to meet the Governor's target, increase the general education formula, fund teacher evaluation and training and make a substantial investment into pre-K programs along with special ed and ELL.

She reviewed how each bill would impact SPPS.

- House - $61 per pupil (0.6%) total increase includes learning readiness and extended time ($2.34 million)
- Senate: $83 per pupil plus learning readiness increase ($3.2 million)
- Governor - $118 per pupil

She went on to make additional impact comparisons in the areas of: SPPS for FY 17, SPPS Levy impact, general education, compensatory, extended time, integration, QComp, learning readiness, the Principal Academy, Reading Corp, concurrent enrollment, Promise Neighborhood, full service community schools grants, ABE, breakfast/lunch aid and facilities.
QUESTIONS/DISCUSSION:

- It was noted QComp is included for State funding, if an application has been made and is approved, the money will be assigned.
- If the Senate agrees to the amount the Governor has proposed, can that pass without the House? Response: Any conference committee report must be approved by both bodies, it would be voted up or down on the entire package. Neither the House nor Senate bill are good so the community needs to encourage both to move closer to the Governor’s proposal.
- Teacher licensure – does it look like that will pass? Response: The House wants candidates to pass a high stakes test, there will be some movement particularly in getting teachers for especially hard to fill areas.
- Timing – what provision has SPPS made to handle an extended legislative session regarding staffing, funding, etc. Response: The District is assuming a 1% increase and is moving forward with that until something changes. If there is a shut down, special masters will be set up to continue the flow of funds to schools. As negotiations go forward SPPS will have a better idea of what the end figures might be.
- Are there any particular legislators who should receive messages? Response: The final decision will be made by leadership so the Governor, Senator Bakk, Representative Daudt. Staff not living in St. Paul should contact their suburban seat holders.

B. Facilities Master Plan Update: Physical Environment and Learning

The Director of Facilities indicated they were now in Phase 3 (January-June 2015) of the FMP planning process in which schools and other district buildings develop their own plans on how to improve their buildings.

Board engagement will begin in May with information provided on background and influencing factors. Framework development will begin in August and plan refinement and finalization will begin in October.

He reviewed the FMP vision of versatile, equitable, healthy environments that balance the factors creating authentic, engaging and personalized learning experiences to sustain the academic mission and deepen connections to the communities and world. He then reviewed the three overarching themes: 1) quality of instructional space and enhancing the built environment's role in creating school culture, 2) equity of building systems and conditions and 3) alignment of growth and capacity.

He presented the results of a Wordle developed at the 6/19/14 FMP committee meeting which addressed "highest hopes" for the learning environment.

Several charts were presented showing enrollment trends by race and ethnicity from 1970 to the present as well as home languages other than English. Various examples of "then" and "now" were presented for various sites.

The discussion then moved to the design for learning/physical environment which has moved from static locations for learners (desks) to assorted arrangements and greater flexibility of use within classrooms and spaces that are student-centered, customizable and technology-enriched in order to meet the diverse needs of all students.

There was a brief review of research associated with physical environment and its effect on teaching and learning. Starting in 2012, the Office of Personalized Learning, Research, Evaluation and Assessment and the Facilities Department began to conduct pre- and post-occupancy surveys to identify the impact of different furniture on the learning process. Preliminary results indicate the new furniture offers greater support for: student interactions, flexibility in different learning structures, student group work and students' physical needs.
It was noted that SPPS has one million square feet of space that will turn 100 years old by 2025. A standard metric is needed around how meet academic standards in space use.

Facility principles and standards were reviewed.
- Flexible/adaptable space - design learning space to address short and longer term modifications in response to educational program - hourly/daily and longer-term/yearly change in use.
- Interdisciplinary learning - the school organization and its individual spaces will be designed to allow interdisciplinary and collaborative learning and strengthen natural connections between subject areas. Learning spaces grouped with other facilities allow teachers of different subjects to collaborate with an identified group of students.
- Furniture finishes for learning - colors, interior finishes and furniture will be selected to contribute to the quality of the learning environment and that are appropriate to the use of the space. Materials will be selected that are healthy and non-toxic.
- Personalized learning - space will be designed to support efforts to personalize learning for all students. Learner needs will be recognized for places that allow them to take the initiative and explore their interests and for a place they can make their own.

QUESTIONS/DISCUSSION:
- It was noted OWL came from an inclusive process.
- There is a demographic group who use mobility assistive devices, how will plans accommodate that. Response: Those issues are governed by the Americans With Disabilities Act. The FMP will contain more about respecting and meeting the needs of people with physical impairment. The plan will speak to the character and needs of all users in creating a welcoming, safe environment.
- When this is complete, SPPS will have shared conversations about what the community wants and needs and the district's capacity needs; how are those addressed without reducing meeting students' needs? Response: Facilities has been setting inputs around what the specific discussion is and placing ground work around what is or is not possible.

C. American Indian Parent Committee Resolution of Concurrence
The Saint Paul Public Schools Indian Education/Title VII Parent Committee acknowledged the ongoing collaborative efforts of the Parent Committee, the Indian Education Department, and the Saint Paul Public School District in working toward better outcomes for all American Indian students in Saint Paul.

The Resolution is part of the process that is required as a part of the Minnesota American Indian Education Act of 1988 (Minnesota Statute 124D.78, sub. 2). It was presented for the discussion with the Committee of the Board of Education for Saint Paul Public Schools on May 5, 2015 and will be followed at a later date by the District's administrative response. Then, the final Resolution will be submitted, with the District's administrative response, to the Minnesota Department of Education.

The Parent Committee and the Office of Indian Education requested SPPS work with them on the following:

1. Attendance and graduation rates of American Indian students in SPPS.
   Based on the data regarding the Native American high school students currently enrolled in Saint Paul Public Schools, a very large percent of the students are struggling and the parent committee is looking for cooperation and collaboration to turn these statistics around. It should be noted that some Indian Education (IE) students represented in this data are represented in two school lists, and their names have been left in the count.

- The Committee requested the Research, Evaluation, and Assessment Department work with the Parent Committee and Indian Education to develop a reporting structure to ensure that timely and consistent information is received on all Native students. The Parent Committee requested summary data about attendance and progress toward graduation on a semi-annual basis by grade level. They indicated they believed Indian Education should receive individual student data on all Native students at the beginning of the school year and every other month thereafter and that Indian Education should use this data to ensure their supplemental services are targeted to the students who need them most.

- They stated their belief that there may be Native students, who are eligible for, but not receiving, the interventions that are available to address truancy, behavior issues, and academic failure (i.e., through the Student Assistance Team process). Better training and education is needed to help District and school staff understand that Indian Education services are supplemental and Native students should therefore be served by all of the standard programs -- interventions that are used for students of any other race.

- Role clarification is needed at the school level and among staff specialists regarding the purpose and role of Indian Education staff and programs. In person communication/training plus written documentation of these roles is important.

- They also requested additional resources to support home visiting, Check and Connect and/or other advocacy staff to serve Native students.

- They requested the District work with the Parent Committee, Indian Education and the community to better understand and address the basic needs of these students and their families and to develop better wraparound systems to serve and engage these students who are struggling with truancy and are not on track to graduate.

2. With regard to the District’s racial equity code, they requested:

- The District update its policy to ban the wearing or display of racist mascots in all SPPS sites and programs by students and staff. Specifically, they support the Harding student resolution to ban the R-word and other racist paraphernalia at
Harding and we want to ensure it is implemented District-wide as official policy with staff and student outreach, engagement, and education as needed to ensure it is enforced and that the reasons behind the ban are communicated effectively and empathetically to ultimately build the District community’s inclusiveness.

- The Committee asked to learn more about the racial equity teams in order to ask some critical question like: what are these teams actually doing? How will it impact Native students? How is SPPS ensuring that the racial equity process is not a binary (African American vs. white) issue? They asked to invite appropriate District equity representatives to meet with the Parent Committee to discuss these topics.

3. With regard to culture and language, they requested the District fund a 1.0 FTE for a Lakota/Dakota language teacher to allow for one full-time teacher at each site – AIMS and Harding – and for more advanced language instruction. (Currently there is 1.0 FTE split between the two schools and only one level of Lakota is offered.) They stated they support current and ongoing conversations among American Indian Studies, Indian Education, Harding, and higher education institutions to offer more PSEO history classes, special needs English classes, etc. Additional staffing and resources to support these alternatives to meet their students’ needs would also be supported by the Parent Committee.

4. In regard to the demonstration grant that Indian Education received to implement Ojibwas and Lakota into PreK programs, they encouraged the District and Indian Education to use the resources to design, implement, and study a rigorous model for American Indian AVID as well as the early childhood language immersion program. There are parents on the committee who have expertise that could assist with this process. In addition, they requested that Indian Education move swiftly to put a strong program design, logic model and evaluation plan in place and to communicate this to the Parent Committee so they understand and can be strong advocates for the program. They stated they expect a strong showing from SPPS Indian Education in terms of what can be accomplished during the grant period. They requested the District’s matching funding) to support these efforts plus providing technical assistance, support and oversight as needed from staff across various departments with relevant expertise to ensure the best experience possible for their students and families as well as successful outcomes. They acknowledged the Office of Early Learning and Education has already been very supportive and helpful in hiring and training staff as well as providing space for the program. They recommended that the District’s second language learning experts and other staff with relevant expertise be brought in as needed to help Indian Education design and implement a program that is culturally responsive and uses best practices in terms of curriculum and pedagogy.

5. Finally, they requested the District reinstate the quarterly wraparound meetings with various District departments and/or implement other strategies to ensure the District’s administrative response to the Resolution is attended to and that data-based decision-making is used to ensure each Native student’s individual needs are met. They requested that Parent Committee members be invited to participate in that meeting and that the District provide an update on their progress toward completion of the administrative response after each meeting.

QUESTIONS/DISCUSSION:
- Were parents notified of student academic status during the semester?  Response: Information was dispersed across schools and not easily accessible.
Parents need information much earlier to address failing students to keep them on track to graduate on time. Response: Administration has made new commitments to communicate with families with their "focus on freshmen" that tracks their academic credit status through the grade levels.

Kids might be failing in class but be unaware of interventions or supports they are eligible for – parents and SPPS need a full picture for each student. There needs to be district-wide consistency in the reporting structure across all schools. Response: SPPS is in conversations with Generation Next about early notification processes in order to find ways for consistent reporting. SPPS has a system of schools not a school system and administration has been working to remedy that in order to establish consistency across the district.

Thanks were extended to the group for their work done over the years and the specificity of requests made in the resolution.

Parents requested, in the administrative response, having Legal look into expanding policies on the racial implications of mascots, etc. within the system.

What are challenges the community faces in regard to regular attendance and on-time graduation? Response: American Indian families and students have a way of learning that modern education does not fit into. Additionally, the community is still dealing with the historic issues created by the boarding schools. That was an extremely negative experience and the issues continue on even in today though there has been improvement over time.

A Board member stated she liked the groups balance of advocacy with collaboration and pushing down to the student level while getting families involved.

Is there anything else to coalesce efforts with native American families to help in student achievement? Response: SPPS has a lot of professional expertise that could be shared better with Indian Ed relative to best practices and effective models in order to raise the level of services provided to American Indian students.

**RECOMMENDED MOTION:** Ms. Carroll moved, seconded by Ms. O'Connell, that the Board accept the report pending the administrative response.

The motion passed.

D. FY 15 Quarterly Report (Period ending March 31, 2015)

The CFO stated a budget is a living, viable document. Once it has been adopted in June, the Board is asked three times during the following year to look at and approve the changes that occur in the District's revenue and expenditures in each of the seven funds. The final determination, by fund, occurs each fall following the acceptance of the audit report. She reminded the Board the fund balance accounts within the General Fund are prescribed by the Governmental Accounting Standards Board, (GASB 54). The unassigned fund balance in the General Fund is the balance of 5% referred to in Board policy. The fund balance in the Food Service fund is controlled by Federal USDA regulations.

In the **General Fund** (which includes the five fund balance categories) revenue is projected to have a decrease of $7.1 million in the areas of Special Education ($5.6m), State Aid ($0.7m) and Early Learning Scholarship ($0.8m) revenue that was reallocated to the Community Service Fund as required by UFARS reporting. Expenditures are projected to be under spent by $16.9 million in the areas of: Alternative Facilities "Pay as you go" anticipated fund balance due to project timing ($6.7m), Personalized Learning Through Technology
($0.4m), Intra-school ($1.5m) and operational savings in various programs, including Transportation. These changes result in a projected unassigned fund balance of 5.2% which is within the 5% BOE policy for unassigned fund balance.

**General Fund Fully Financed** (Expenditures must equal revenue in this fund) has no change at this time.

**Food Service Fund** has revenue decreasing by $0.7m due to decreases in participation, however, reimbursement rates have offset most of the revenue loss in this fund. Expenditures are projected to increase slightly due to food expenditures. In addition, a phase out of the Fresh Fruit and Vegetable Program is anticipated in April as grant funding is spent down. Fund balance is projected to decrease by $0.8m.

**Community Service Fund** revenue is projected to have minimal changes as compared to budget. Expenditures are projected to decrease by $0.4m to support additional community service programming. Fund balance is projected to decrease by $0.4m.

**Community Service Fund Fully Financed** shows revenue projected to have minimal change and expenditures projected to decrease by $0.4m due to overall reduced salary and non-salary expenditures. Fund balance is projected to increase by $0.4m.

**Building Construction Fund** has revenue projected to decrease slightly as less interest is generated due to the expedited rate of spending proceeds. Expenditures are projected to increase by $4.0m as projects are completed in preparation for the FMP. Fund balance is projected to decrease by $13.3m as the remaining alternative facilities proceeds are fully spent and capital projects are completed.

**Debt Service** fund balance is projected to decrease by $13.1m due to the net effect of the escrow activity for bond refunding and the net increase of revenue over expenditures.

**QUESTIONS/DISCUSSION:**
- The Board congratulated SPPS on the $16.9 million savings in expenditures with $9 million in operational savings. Thanks for finding better ways to do things.
- What are Community Service Funds? Response: Fee based services such as community ed, Discovery Club, early childhood education, drivers education. The fund balance must be used for specific programs.

**RECOMMENDED MOTION:** Ms. Carroll moved, seconded by Ms. Doran, the Board approve the FY 15 Quarterly Report for the period ending March 31, 2015.

The motion passed

E. **FY 16 Budget Update**

The Chief Financial Officer reviewed the SSSC 2.0 Goals and the FY 15-16 Budget Guidelines. She stated the FY 15-16 General Fund revenue is relatively flat compared to current year. The budget meets required contractual obligations. She stated all schools do not receive the same amount of money per pupil because some school funding is categorical (having specific criteria on its spending), funding for Comp Ed and Title I follows the students on a one year delay (previous year’s 10/1 count) and higher poverty schools have greater access to categorical dollars than lower poverty sites. School enrollment also affects the dollars allocated.

* The ending FY 14-15 (6/30/15) Unassigned Fund Balance is projected to be 5.2% (As of the December 2014 quarterly report). The $2.5m use of fund balance for FY 15-16 has been accounted for in the projection.

2. Fund Balance
Fund balance is a residual, assets over liabilities (equity). It can be part Restricted and part Unrestricted. Additional revenue will increase fund balance while additional expenditures will decrease it. It plays an essential role to mitigate current and future risks. Unrestricted (unassigned) fund balance level is crucial in long-term financial planning. Credit agencies monitor Unassigned fund balance to determine creditworthiness. They favor an increased level of fund balance. The SPPS Board sets an Unassigned General Fund balance of at least 5% of annual general fund expenditures.

Fund balance categories for SPPS (projected as of 6/30/15) are:
- **Non-Spendable** - includes amounts not in spendable form (inventory & pre-pays) $1.4*
- **Restricted** - includes amounts that are subject to externally enforceable legal restrictions outside the control of local government (OPEB Trust) 15.9
- **Committed** - includes amounts constrained for a specific purpose using its highest decision-making authority, the School Board (severance, Retiree Health insurance) 27.9
- **Assigned** - includes amounts constrained with the intent to be used for a specific purpose, authorized by the School Board or individual authorized by the governing body (Next year operations, SSSC 2.0 initiatives, Site carryover) 14.8
- **Unassigned** - Board Policy sets the minimum at 5% of annual General Fund expenditures 30.0 or 5.2%

- If the District retained all one-time only expenditures and expenditures for school and program transitions 6.3

School Service Support programs that were impacted by another funding source reduction: Instructional Services - Title I reduction resulting in an additional 16.1% reduction.

School Service Support programs that had a 2% reduction as no inflationary funding was allocated: Indian Ed, American Indian Studies, Alternative to Suspension, Achievement Plus and Student Wellness.

School Service Support programs that had limited inflationary increases or targeted reductions: TDAS, MLL, Athletics, Pre-K Support, Special Ed, Staff Development, Career in Education, OCCR and Transportation.

The higher poverty threshold is the top 30 schools per the teacher's contract (these change from year to year). Effective FY 2015-16, the Target Range for Kindergarten changed to 20-24.

SSSC 2.0 class size ranges for lower poverty sites are:

Site staffing criteria for FY 15-16 has the following site configurations: Pre-K-5, K-8, Dual Campus, 6-8, 6-12 and 9-12. Staffing categories are:

- Principal
- Assistant principal
- Administrative intern
- Clerk (minimum, additional 10 month, mobility and attendance)
- Learning support (counselors)
- Library support
- SSSC 2.0 site staff for program articulation.

8. **FY 2015-16 Title I Budget Projection** indicates a reduction of $3.9 million.

- $2.1 million in carryover funds from post ARRA funding are gone creating a funding cliff (without post ARRA funds and special waivers, impacts of Title I reductions would have been felt sooner)
- $1.8 million in Title I funds due to Minnesota receiving less of the Federal share (Minnesota has fewer students in poverty as compared to other states with higher concentrations of poverty)
- FY 16 budget base estimated on previous year reduction of 6%.

The FY 2015-16 New Title I Budget Model works to:

- Minimize impact directly to schools, programs took majority of Title I cuts, schools only 2%
- New model distributes Title I funds to schools to lessen the impact of cuts
- Tiered approach funds all eligible Title I schools and minimizes the impact on schools with high concentrations of poverty.

By law SPPS must fund 75% or greater F&R.

Model:

9. **Other factors influencing the budget** are:

- Third quarter projections impact fiscal year end fund balance
- Enrollment fluctuations impact revenue, class size and building capacity
- Contractual settlements impact expenditure levels
- Legislative adjustments impact revenue
- Previous year's October 1 Free & Reduced lunch count impacts revenue
- Bond ratings
- Funding has not kept up with inflation.

The CFO reviewed the budget adoption schedule and engagement efforts to introduce the budget to various groups and communities.
QUESTIONS/DISCUSSION:

- How much of the $4 million is salary? Response: About 85%.

- How soon will the Board be able to see more specifically what and how departments have been affected? What is the real impact? Response: Administration is getting a better picture every day and should have a pretty firm idea by the end of the week. Communications to non-teaching staff will be communicated by May 18 with some staff have already received notification of changes on May 1. This is crunch time for budget administrators who need to make the reductions in either FTEs or expense. An example was noted the in Family and Community Engagement Title I only reductions amounted to $12.4 million. Cuts will happen in all district-wide support programs.

- There was a brief discussion about trying to go back to zero based budgeting in order to get at what makes up the essentials in each area/department/program.

- It was noted SPPS will not see the effects of the cuts to coaches and PD this year only, it will have long term impacts.

- Is this proposed solution a recommendation or is administration still working on closing a budget gap? Response: It is a proposal from administration on how to address the $20 million shortfall.

- It was suggested administration look at PLC time as a possible area for reductions. Response: PLCs are not a contractual area. Staff noted that if PLC time is taken away it would result in cutting specialists positions (i.e., science); it would mean teacher cuts.

- If you allow job embedded PD time for one group and not another will there be an HR issue? Response: It depends on the situation but generally if things are equal, no.

- Making cuts to programs essential to kids is not ideal. Response: No, that is true, however administration is trying to keep cuts as far from classrooms as possible.

- Staff noted SPPS has to make budget with its current contractual obligations. It is therefore coming out of this process with an understanding of what budget parameters are and then it can move to try to keep future contractual obligations within real bounds.

- What about the “resolution”? That was the Board’s decision. Response: That would be $4.2 million.

- It was noted that PLCs have a very positive impact for students.

- OPEB contributions could be reduced at some point for a time. Response: The levy for OPEB liabilities does not cover all the current liabilities as it now stands. OPEB are committed funds that the Board could un-commit but that would just be pushing the problem down the road.

- Has administration considered what things would come back if the legislative allocation increases? Response: Yes.

- What about academically successful programs such as AVID, the Urban Debate League? Response: Staff has looked at spending in many areas - the Celebration of Excellence, Parent Fair and many others. Debate League was embedded in the school category and is being retained. There has been several allocations embedded in the budget to be retained but not increased.

- What is happening with funding IT staff in support of PLTT? Response: Field Techs and Tech TOSAs are embedded within school allocations. For IT there was a reduction so staff is having to rethink some things – virtualization, a new ticketing system may be shifted or held off on. IT is rethinking its staffing structure to keep impacts as far away from schools as possible – Field Techs and Tech TOSAs are important to the program. Administration is working to find a sustainable budget for IT across the district.

- A Board member noted they were unwilling to touch OPEB money.

- Another noted PLCs could be looked at but they were not willing to give science up.

- Would people be willing to take no inflation cuts? Response: That is highly unlikely.

A motion was made and passed to extend discussion by 15 minutes.

- With Technology - are expenses associated with iPads and referendum taking funds away from the general fund? Response: No, dedicated staff, leases, etc. are allocated in the current year budget to the referendum. Going into next year, SPPS has utilized some
referendum funds differently to support lease agreements and has embedded non-
referendum funding into the schools to support accessories, etc.

- Is SPPS subsidizing the referendum initiative with funds that would normally support the
  Technology Department?  Response: No, referendum dollars are be utilized as
  promised and funds within the General Fund are utilized for other IT needs.
- The discussion returned to zero based budgeting and how it might be used.  Response: Once SPPS has met its contractual obligations and class size agreements there is not a
  lot left to go around.  Even now some essentials are not being met so this budget reflects
  an effort to balance needs against a very unfavorable financial picture from the
  legislature.
- The CFO indicated that when SPPS actually did experiment with zero based budgeting a
  few years ago it was found it could not afford the essentials that were identified.  Under
  the current situation SPPS needs to right size things again against a very unfavorable
  financial outlook.
- Looking at PLC time was brought up again with the request not to cut across the board
  but with an effort to keep PLCs in the elementary area where it seems to work best and
  every effort should be made to keep science.
- Several areas to be looked into were indicated.  The seven period day is allowing kids to
  graduate.  The Board resolution needs to be reviewed  Committed and Assigned fund
  balances could be looked at.  Regarding OPEB, SPPS will have to commit to put
  additional money into trust from already committed dollars.  Fund balance could be
  slightly reduced.
- Staff noted that staffing movement will be on-going over the next two months.  200
  positions will possibly be affected.
- Board members requested information on what levy maximums are.
- Administration was admonished to be very sure it is communicating effectively on the
  budget to all families.

**RECOMMENDED MOTION:** Director Doran moved, seconded by Director Seeba the Board
accept the report/update on the FY 16 budget.
The motion passed.

F. **Communications: Demonstration of SPPS App**
The SPPS Digital Media Manager provided a demonstration of the MySPPS app developed
as a way to expedite communications with students and families.  It provides news feeds,
notifications, SPPS sports feeds and a multiplicity of applications related to the schools
(phone address/map, calendar, infinite campus, nutrition services menu, a transportation app
to check on bus status) as well as Facebook and Twitter to name a few other applications.

The app is currently being piloted with 10 schools and will be publically launched before
summer in order to be available to promote summer events and back to school information.

3. **Update on Student Involvement with the Board**

Purpose

To provide an update on the FY 2015-2016 General Fund budget to the Board of Education
Strong Schools, Strong Communities 2.0

Goal 1: Achievement for all students

Goal 2: Alignment of school programs

Goal 3: Sustainability to optimize classroom resources and academics
FY 2015-16 Budget Guidelines

• SSSC 2.0 Plan is first consideration in funding.
• Class size ranges will determine teacher FTEs.
• Budget built on current laws.
• Blended Site-Based and Centralized funding method will be used for schools.
• A table detailing the average salary and benefits will be provided for budget preparations.
• The budget should maintain an unassigned fund balance of at least five percent (5%) of the general fund expenditures in accordance with the BOE policy.
• Non-School programs will be reported into three (3) categories: Central Administration, District-wide Support, and School Service Support.
• Fully Financed budgets with anticipated revenues and expenditures over $500,000 for the 2015-2016 school year will be included in the Adopted budget.
• The FY 2015-16 budget must be approved by the Board of Education by June 30, 2015.

The Adopted budget will be published on the Business Office website (http://businessoffice.spps.org/2015-16).
General Budget Information

• FY 2015-16 General Fund revenue is relatively flat compared to current year
• The budget meets required contractual obligations
• All schools do not receive the same amount of money per pupil because:
  – Some school funding is categorical (it has specific criteria on its spending)
  – Funding for Comp Ed and Title I follow the students on a one year delay (previous year’s Oct 1 count)
  – Higher poverty schools have greater access to categorical dollars than lower poverty sites
• School enrollment affects the dollars allocated

FY 2015-16 Title I Budget Projection

- Reduction of $3.9 million
  - $2.1 million in carryover funds from post ARRA funding are gone creating a funding cliff
    - Without post ARRA funds and special waivers, impacts of TI reductions would have been felt sooner
  - $1.8 million in Title I funds due to MN receiving less of the federal share
    - MN has less students in poverty as compared to other states with higher concentrations of poverty
  - FY 16 budget base estimated on previous year reduction of 6%.
FY 2015-16 New Title I Budget Model

- To minimize impact directly to schools, programs took majority of Title I cuts, schools only 2%
- New model to distribute TI funds to schools to lessen the impact of cuts
- Tiered approach funds all eligible TI schools and minimizes the impact on schools with high concentrations of poverty

As may be requested by the Purchaser, one or more term Bonds may be issued having mandatory sinking fund redemption and final maturity amounts conforming to the foregoing principal repayment schedule, and corresponding additions may be made to the provisions of the applicable Bond(s).

(b) Book Entry Only System. The Depository Trust Company, a limited purpose trust company organized under the laws of the State of New York or any of its successors or its successors to its functions hereunder (the "Depository") will act as securities depository for the Bonds, and to this end:
(i) The Bonds shall be initially issued and, so long as they remain in book entry form only (the "Book Entry Only Period"), shall at all times be in the form of a separate single fully registered Bond for each maturity of the Bonds; and for purposes of complying with this requirement under paragraph 10 (with respect to registration, transfer and exchange) Authorized Denominations for any Bond shall be deemed to be limited during the Book Entry Only Period to the outstanding principal amount of that Bond.

(ii) Upon initial issuance, ownership of the Bonds shall be registered in a bond register maintained by U.S. Bank National Association, Saint Paul, Minnesota (the "Bond Registrar"), in the name of CEDE & CO., as the nominee (it or any nominee of the existing or a successor Depository, the "Nominee").

(iii) With respect to the Bonds neither the District nor the Bond Registrar shall have any responsibility or obligation to any broker, dealer, bank, or any other financial institution for which the Depository holds Bonds as securities depository (the "Participant") or the person for which a Participant holds an interest in the Bonds shown on the books and records of the Participant (the "Beneficial Owner"). Without limiting the immediately preceding sentence, neither the District, nor the Bond Registrar, shall have any such responsibility or obligation with respect to (A) the accuracy of the records of the Depository, the Nominee or any Participant with respect to any ownership interest in the Bonds, or (B) the delivery to any Participant, any Owner or any other person, other than the Depository, of any notice with respect to the Bonds, including any notice of redemption, or (C) the payment to any Participant, any Beneficial Owner or any other person, other than the Depository, of any amount with respect to the principal of or premium, if any, or interest on the Bonds, or (D) the consent given or other action taken by the Depository as the Registered Holder of any Bonds (the "Holder"). For purposes of securing the vote or consent of any Holder under this Resolution, the District may, however, rely upon an omnibus proxy under which the Depository assigns its consenting or voting rights to certain Participants to whose accounts the Bonds are credited on the record date identified in a listing attached to the omnibus proxy.

(iv) The District and the Bond Registrar may treat as and deem the Depository to be the absolute owner of the Bonds for the purpose of payment of the principal of and premium, if any, and interest on the Bonds, for the purpose of giving notices of redemption and other matters with respect to the Bonds, for the purpose of obtaining any consent or other action to be taken by Holders for the purpose of registering transfers with respect to such Bonds, and for all purpose whatsoever. The Bond Registrar, as paying agent hereunder, shall pay all principal of and premium, if any, and interest on the Bonds only to or upon the Holder of the Holders of the Bonds as shown on the register, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to the principal of and premium, if any, and interest on the Bonds to the extent of the sum or sums so paid.

(v) Upon delivery by the Depository to the Bond Registrar of written notice to the effect that the Depository has determined to substitute a new Nominee in place of the existing Nominee, and subject to the transfer provisions in paragraph 10 hereof (with respect to registration, transfer and exchange), references to the Nominee hereunder shall refer to such new Nominee.
(vi) So long as any Bond is registered in the name of a Nominee, all payments with respect to the principal of and premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, by the Bond Registrar or District, as the case may be, to the Depository as provided in the Letter of Representations to the Depository required by the Depository as a condition to its acting as book-entry Depository for the Bonds (said Letter of Representations together with any replacement thereof or amendment or substitute thereto, including any standard procedures or policies referenced therein or applicable thereto respecting the procedures and other matters relating to the Depository's role as book-entry Depository for the Bonds, collectively hereinafter referred to as the "Letter of Representations").

(c) Letter of Representations. The provisions in the Letter of Representations are incorporated herein by reference and made a part of the resolution, and if and to the extent any such provisions are inconsistent with the other provisions of this resolution, the provisions in the Letter of Representations shall control.

3. Purpose. The Bonds shall provide funds to finance costs of the Projects. The total cost of the Projects, which shall include all costs enumerated in Minnesota Statutes, Section 475.65, is estimated to be at least equal to the amount of the Bonds. Work on the Projects shall proceed with due diligence to completion. The District covenants that it shall do all things and perform all acts required of it to assure that work on the Projects proceeds with due diligence to completion and that any and all permits and studies required under law for the Projects are obtained.

4. Interest. The Bonds shall bear interest payable semiannually on February 1 and August 1 of each year (each, an "Interest Payment Date"), commencing February 1, 2016, calculated on the basis of a 360-day year of twelve 30-day months, at the respective rates per annum set forth opposite the maturity years as follows:

As may be requested by the Purchaser, one or more term Bonds may be issued having mandatory sinking fund redemption and final maturity amounts conforming to the foregoing principal payment schedule, and corresponding additions may be made to the provisions of the applicable Bonds(s).
5. **Redemption.** Bonds maturing on February 1, 2026, and thereafter, shall be subject to redemption and prepayment at the option of the District on February 1, 2025 and on any date thereafter, at a price of par plus accrued interest. Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the maturities and the principal amounts within each maturity to be redeemed shall be determined by the District; and if only part of the Bonds having a common maturity date are called for prepayment, the specific Bonds to be prepaid shall be chosen by lot by the Bond Registrar. Bonds or portions thereof called for redemption shall be due and payable on the redemption date, and interest thereon shall cease to accrue from and after the redemption date. Mailed notice of redemption shall be given to the paying agent and to each affected registered holder of the Bonds at least 30 days prior to the date fixed for redemption unless otherwise required by law.

To effect any partial redemption of Bonds having a common maturity date, the Bond Registrar, prior to giving notice of redemption, shall assign to each Bond having a common maturity date a distinctive number for each $5,000 of the principal amount of such Bond. The Bond Registrar shall then select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers so assigned to such Bonds, as many numbers as, at $5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Bonds to be redeemed shall be the Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of each such Bond of a denomination of more than $5,000 shall be redeemed as shall equal $5,000 for each number assigned to it and so selected. If a Bond is to be redeemed only in part, it shall be surrendered to the Bond Registrar (with, if the District or Bond Registrar so requires, a written instrument of transfer in form satisfactory to the District and Bond Registrar duly executed by the Holder thereof or the Holder's attorney duly authorized in writing) and the District shall execute (if necessary) and the Bond Registrar shall authenticate and deliver to the Holder of the Bond, without service charge, a new Bond or Bonds having the same stated maturity and interest rate and of any Authorized Denomination or Denominations, as requested by the Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Bond so surrendered.

6. **Bond Registrar.** U.S. Bank National Association, in Saint Paul, Minnesota, is appointed to act as bond registrar and transfer agent with respect to the Bonds (the "Bond Registrar"), and shall do so unless and until a successor Bond Registrar is duly appointed, all pursuant to any contract the District and Bond Registrar shall execute which is consistent herewith. The Bond Registrar shall also serve as paying agent unless and until a successor paying agent is duly appointed. Principal and interest on the Bonds shall be paid to the registered holders (or record holders) of the Bonds in the manner set forth in the Form of Bond set forth in paragraph 7 and in paragraph 12 of this resolution, with respect to interest payment and record date.

7. **Form of Bond.** The Bonds, together with the Bond Registrar's Certificate of Authentication, the form of Assignment and the registration information thereon, shall be in substantially the following form:

This Bond will bear interest from the most recent Interest Payment Date to which interest has been paid or, if no interest has been paid, from the date of original issue hereof. The principal of and premium, if any, on this Bond are payable upon presentation and surrender hereof at the principal office of U.S. Bank National Association, in Saint Paul, Minnesota (the "Bond Registrar"), acting as paying agent, or any successor paying agent duly appointed by the Issuer. Any interest not so timely paid shall cease to be payable to the person who is the Holder hereof as of the Regular Record Date, and shall be payable to the person who is the Holder hereof at the close of business on a date (the "Special Record Date") fixed by the Bond Registrar whenever money becomes available for payment of the defaulted interest. Notice of the Special Record Date shall be given to Bondholders not less than ten days prior to the Special Record Date. Optional Redemption. All Bonds of this issue (the "Bonds") maturing on February 1, 2026, and thereafter, are subject to redemption and prepayment at the option of the Issuer on February 1, 2025 and on any date thereafter, at a price of par plus accrued interest. Bonds or portions thereof called for redemption shall be due and payable on the redemption date, and interest thereon shall cease to accrue from and after the redemption date. Mailed notice of redemption shall be given to the Bond Registrar and to each affected Holder of the Bonds at least 30 days prior to the date fixed for redemption.

All Bonds so called for redemption will cease to bear interest on the specified redemption date, provided funds for their redemption have been duly deposited.

Selection of Bonds for Redemption; Partial Redemption. To effect any partial redemption of Bonds having a common maturity date, the Bond Registrar, prior to giving notice of redemption, shall assign to each Bond having a common maturity date a distinctive number for each $5,000 of the principal amount of such Bond. The Bond Registrar shall then select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers assigned to the Bonds, as many numbers as, at $5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Bonds to be redeemed shall be the Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of such Bond of a denomination of more than $5,000 shall be redeemed as shall equal $5,000 for each number assigned to it and so selected. If a Bond is to be redeemed only in part, it shall be surrendered to the Bond Registrar (with, if the Issuer or Bond Registrar so requires, a written instrument of transfer in form satisfactory to the Issuer and Bond Registrar duly executed by the Holder thereof or the Holder's attorney duly authorized in writing) and the Issuer shall execute (if necessary) and the Bond Registrar shall authenticate and deliver to the Holder of the Bond, without service charge, a new Bond or Bonds having the same stated maturity and interest rate and of any Authorized Denomination or Denominations, as requested by the Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Bond so surrendered.

The Certificate of Authentication so executed on each Bond shall be conclusive evidence that it has been authenticated and delivered under this resolution.

10. **Registration; Transfer; Exchange.** The District will cause to be kept at the principal office of the Bond Registrar a bond register in which, subject to such reasonable regulations as the Bond Registrar may prescribe, the Bond Registrar shall provide for the registration of Bonds and the registration of transfers of Bonds entitled to be registered or transferred as herein provided.

Upon surrender for transfer of any Bond at the principal office of the Bond Registrar, the District shall execute (if necessary), and the Bond Registrar shall authenticate, insert the date of registration (as provided in paragraph 9 with respect to authentication) of, and deliver, in the name of the designated transferee or transferees, one or more new Bonds of any authorized denomination or denominations of a like aggregate principal amount, having the same stated maturity and interest rate, as requested by the transferor; provided, however, that no Bond may be registered in blank or in the name of "bearer" or similar designation.

At the option of the Holder, Bonds may be exchanged for Bonds of any authorized denomination or denominations of a like aggregate principal amount and stated maturity, upon surrender of the Bonds to be exchanged at the principal office of the Bond Registrar. Whenever any Bonds are so surrendered for exchange, the District shall execute (if necessary), and the Bond Registrar shall authenticate, insert the date of registration of, and deliver the Bonds which the Holder making the exchange is entitled to receive.

All Bonds surrendered upon any exchange or transfer provided for in this resolution shall be promptly cancelled by the Bond Registrar and thereafter disposed of as directed by the District.
All Bonds delivered in exchange for or upon transfer of Bonds shall be valid general obligations of the District evidencing the same debt, and entitled to the same benefits under this resolution, as the Bonds surrendered for such exchange or transfer.

Every Bond presented or surrendered for transfer or exchange shall be duly endorsed or be accompanied by a written instrument of transfer, in form satisfactory to the Bond Registrar, duly executed by the Holder thereof or his, her or its attorney duly authorized in writing.

The Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with the transfer or exchange of any Bond and any legal or unusual costs regarding transfers and lost Bonds.

Transfers shall also be subject to reasonable regulations of the District contained in any agreement with the Bond Registrar, including regulations which permit the Bond Registrar to close its transfer books between record dates and payment dates. The Treasurer is hereby authorized to negotiate and execute the terms of said agreement.

11. **Rights Upon Transfer or Exchange.** Each Bond delivered upon transfer of or in exchange for or in lieu of any other Bond shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other Bond.

12. **Interest Payment; Record Date.** Interest on any Bond shall be paid on each Interest Payment Date by check or draft mailed to the person in whose name the Bond is registered (the "Holder") on the registration books of the District maintained by the Bond Registrar and at the address appearing thereon at the close of business on the fifteenth (15th) day of the calendar month next preceding such Interest Payment Date (the "Regular Record Date"). Any such interest not so timely paid shall cease to be payable to the person who is the Holder thereof as of the Regular Record Date, and shall be payable to the person who is the Holder thereof at the close of business on a date (the "Special Record Date") fixed by the Bond Registrar whenever money becomes available for payment of the defaulted interest. Notice of the Special Record Date shall be given by the Bond Registrar to the Holders not less than ten (10) days prior to the Special Record Date.

13. **Treatment of Registered Owner.** The District and Bond Registrar may treat the person in whose name any Bond is registered as the owner of such Bond for the purpose of receiving payment of principal of and premium, if any, and interest (subject to the payment provisions in paragraph 12 above with respect to interest payment and record date) on, such Bond and for all other purposes whatsoever whether or not such Bond shall be overdue, and neither the District nor the Bond Registrar shall be affected by notice to the contrary.

14. **Delivery; Application of Proceeds.** The Bonds when so prepared and executed shall be delivered by the Treasurer to the Purchaser upon receipt of the purchase price, and the Purchaser shall not be obliged to see to the proper application thereof.

15. **Fund and Accounts.** There is hereby created a special fund to be designated the "General Obligation School Building Bonds, Series 2015A Fund" (the "Fund") to be administered and maintained by the District as a bookkeeping account separate and apart from
all other funds maintained in the official financial records of the District. The Fund and its accounts shall each be maintained in the manner herein specified until all of the Bonds herein authorized and the interest thereon shall have been fully paid. There shall be maintained and created in the Fund two (2) separate accounts, to be designated the "Capital Account" and "Debt Service Account", respectively.

(a) Capital Account. To the Capital Account there shall be credited the proceeds of the Bonds less capitalized interest and any amount paid for the Bonds in excess of the minimum bid. From the Capital Account there shall be paid all costs of issuing the Bonds and all costs and expenses of the Projects, including all costs incurred and to be incurred of the kind authorized in Minnesota Statutes, Section 475.65; and the moneys in said account shall be used for no other purpose except as otherwise provided by law; provided that the proceeds of the Bonds may also be used to the extent necessary to pay interest on the Bonds due prior to the anticipated date of commencement of the collection of taxes herein levied. The proceeds of the Bonds shall be used to fund the Projects.

(b) Debt Service Account. There is hereby created a Debt Service Account and there is irrevocably appropriated thereto: (i) any premium received on the sale of the Bonds; (ii) the collections of all taxes herein or hereafter levied for the payment of the Bonds and interest thereon; (iii) all funds remaining in the Capital Account after the payment of all costs of the Projects; (iv) all investment earnings on funds held in the Debt Service Account; and (v) any and all other moneys which are properly available and are appropriated by the governing body of the District to the Debt Service Account. The Debt Service Account shall be used solely to pay the principal and interest of the Bonds and any other general obligation certificates of the District hereafter issued by the District and made payable from said account as provided by law.

The moneys in the Debt Service Account shall be used solely to pay the principal of and interest on the Bonds or any other bonds hereafter issued and made payable from the Fund. No portion of the proceeds of the Bonds shall be used directly or indirectly to acquire higher yielding investments or to replace funds which were used directly or indirectly to acquire higher yielding investments, except (i) for a reasonable temporary period until such proceeds are needed for the purpose for which the Bonds were issued, and (ii) in addition to the above, in an amount not greater than the lesser of five percent (5%) of the proceeds of the Bonds or $100,000. To this effect, any proceeds of the Bonds and any sums from time to time held in the Fund (or any other District account which will be used to pay principal and interest to become due on the Bonds) in excess of amounts which under the applicable federal arbitrage regulations may be invested without regard as to yield shall not be invested in excess of the applicable yield restrictions imposed by the arbitrage regulations on such investments after taking into account any applicable "temporary periods" or "minor portion" made available under the federal arbitrage regulations. In addition, the proceeds of the Bonds and money in the Fund shall not be invested in obligations or deposits issued by, guaranteed by or insured by the United States or any agency or instrumentality thereof if and to the extent that such investment would cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Internal Revenue Code of 1986, as amended (the "Code").
16. **Tax Levy; Coverage Test.** To provide monies for the payment of principal and interest on the Bonds there is hereby levied upon all of the taxable property in the District a direct annual ad valorem tax which shall be spread upon the tax rolls and collected with and as part of, other general property taxes in said District for the years and in the amounts as follows:

Said tax levies are such that if collected in full they, together with estimated collections of investment earnings and other revenues herein pledged for the payment of the Bonds, will, if collected when due, produce at least five percent (5%) in excess of the amount needed to meet when due the principal and interest payments on the Bonds. The tax levies shall be irrepealable so long as any of the Bonds are outstanding and unpaid, provided that the District reserves the right and power to reduce the levies in the manner and to the extent permitted by Minnesota Statutes, Section 475.61, Subdivision 3.

17. **General Obligation Pledge.** For the prompt and full payment of the principal of and interest on the Bonds as the same respectively become due, the full faith, credit and taxing powers of the District shall be and are hereby irrevocably pledged. If the balance in the Debt Service Account is ever insufficient to pay all principal and interest then due on the Bonds and any other bonds payable therefrom, the deficiency shall be promptly paid out of any other funds of the District which are available for such purpose, and such other funds may be reimbursed with or without interest from the Debt Service Account when a sufficient balance is available therein.
18. **Compliance with Reimbursement Bond Regulations.** The provisions of this paragraph are intended to establish and provide for the District's compliance with United States Treasury Regulations Section 1.150-2 (the "Reimbursement Regulations") applicable to the "reimbursement proceeds" of the Bonds, being those portions thereof which will be used by the District to reimburse itself for any expenditure which the District paid or will have paid prior to the closing date (a "Reimbursement Expenditure").

The District hereby certifies and/or covenants as follows:

(a) It shall not seek payment for a Reimbursement Expense from proceeds of the Bonds unless, not later than 60 days after the date of payment of a Reimbursement Expenditure, the District (or person designated to do so on behalf of the District) has made or will have made a written declaration of the District's official intent (a "Declaration") which effectively (i) states the District's reasonable expectation to reimburse itself for the payment of the Reimbursement Expenditure out of the proceeds of the Bonds; (ii) gives a general and functional description of the Projects for which the Reimbursement Expenditure is paid; and (iii) states the maximum principal amount of the Bonds expected to be issued by the District for the purpose of financing the Projects; provided, however, that no such Declaration shall necessarily have been made with respect to: (i) "preliminary expenditures" for the Projects, defined in the Reimbursement Regulations to include engineering or architectural, surveying and soil testing expenses and similar prefatory costs, which in the aggregate do not exceed 20% of the "issue price" of the Bonds, and (ii) a de minimis amount of Reimbursement Expenditures not in excess of the lesser of $100,000 or 5% of the proceeds of the Bonds.

(b) Any such Reimbursement Expenditure shall be a capital expenditure or a cost of issuance of the Bonds or any of the other types of expenditures described in Section 1.150-2(d)(3) of the Reimbursement Regulations.

(c) The "reimbursement allocation" described in the Reimbursement Regulations for each Reimbursement Expenditure shall and will be made forthwith following (but not prior to) the issuance of the Bonds and in all events within the period ending on the date which is the later of three years after payment of the Reimbursement Expenditure or one year after the date on which the Projects to which the Reimbursement Expenditure relates is first placed in service.

(d) Each such reimbursement allocation will be made in a writing that evidences the District's use of Bond proceeds to reimburse the Reimbursement Expenditure and, if made within 30 days after the Bonds are issued, shall be treated as made on the day the Bonds are issued.

Provided, however, that the District may take action contrary to any of the foregoing covenants in this paragraph 25 upon receipt of an opinion of its Bond Counsel for the Bonds stating in effect that such action will not impair the tax-exempt status of the Bonds.

19. **Certificate of Registration and Tax Levy.** The Clerk is hereby directed to file a certified copy of this resolution with the Director of Property Records and Revenue of Ramsey County, Minnesota, together with such other information as they shall require, and to
obtain the Director of Property Records and Revenue's Certificate that the Bonds have been entered in the Director of Property Records and Revenue's Bond Register, and that the tax levies required by law for the Bonds have been made.

20. **State Credit Enhancement Program.** The District hereby ratifies and confirms its covenant in the resolution adopted April 21, 2015, obligating itself to notify the Commissioner of Education of a potential default in payment of the Bonds and to use the provisions of Minnesota Statutes, Section 126C.55 to guarantee the payment of principal and interest on the Bonds. The Chair and Clerk are hereby authorized and directed to enter into an agreement with the paying agent for the Bonds or any department of the State of Minnesota required by the provisions of Minnesota Statutes Section 126C.55.

21. **Records and Certificates.** The officers of the District are hereby authorized and directed to prepare and furnish to the Purchaser, and to the attorneys approving the legality of the issuance of the Bonds, certified copies of all proceedings and records of the District relating to the Bonds and to the financial condition and affairs of the District, and such other affidavits, certificates and information as are required to show the facts relating to the legality and marketability of the Bonds as the same appear from the books and records under their custody and control or as otherwise known to them, and all such certified copies, certificates and affidavits, including any heretofore furnished, shall be deemed representations of the District as to the facts recited therein.

22. **Negative Covenant as to Use of Proceeds and Project.** The District hereby covenants not to use the proceeds of the Bonds, or to cause or permit them to be used, in such a manner as to cause the Bonds to be "private activity bonds" within the meaning of Sections 103 and 141 through 150 of the Code.

23. **Investment Limitations; Rebate.** The District shall comply with requirements necessary under the Code to establish and maintain the exclusion from gross income under Section 103 of the Code of the interest on the Bonds, including without limitation (a) requirements relating to temporary periods for investments, (b) limitations on amounts invested at a yield greater than the yield on the Bonds, and (c) the rebate of excess investment earnings to the United States. The District expects to satisfy the two-year expenditure exemption for gross proceeds of the Bond as provided in Section 1.148-7(d)(1) of the Regulations.

24. **Defeasance.** When all Bonds have been discharged as provided in this paragraph, all pledges, covenants and other rights granted by this resolution to the registered holders of the Bonds shall, to the extent permitted by law, cease. The District may discharge its obligations with respect to any Bonds which are due on any date by irrevocably depositing with the Bond Registrar on or before that date a sum sufficient for the payment thereof in full; or if any Bond should not be paid when due, it may nevertheless be discharged by depositing with the Bond Registrar a sum sufficient for the payment thereof in full with interest accrued to the date of such deposit. The District may also at any time discharge its obligations with respect to any Bonds, subject to the provisions of law now or hereafter authorizing and regulating such action, by depositing irrevocably in escrow, with a suitable banking institution qualified by law as an escrow agent for this purpose, cash or securities described in Minnesota Statutes, Section 475.67, Subdivision 8, bearing interest payable at such times and at such rates and maturing on such
dates as shall be required, subject to sale and/or reinvestment, to pay all amounts to become due thereon to maturity or, if notice of redemption as herein required has been duly provided for, to such earlier redemption date.

25. **No Designation of Qualified Tax-Exempt Obligation.** The Bonds shall not be designated by the Issuer as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3) of the Code.

26. **Continuing Disclosure.** The District is the sole obligated person with respect to the Bonds. The District hereby agrees, in accordance with the provisions of Rule 15c2-12 (the "Rule"), promulgated by the Securities and Exchange Commission (the "Commission") pursuant to the Securities Exchange Act of 1934, as amended, and a Continuing Disclosure Undertaking (the "Undertaking") hereinafter described to:

   (a) Provide or cause to be provided to the Municipal Securities Rulemaking Board (the "MSRB") by filing at www.emma.msrb.org in accordance with the Rule, certain annual financial information and operating data in accordance with the Undertaking. The District reserves the right to modify from time to time the terms of the Undertaking as provided therein.

   (b) Provide or cause to be provided to the MSRB notice of the occurrence of certain events with respect to the Bonds in not more than ten (10) business days after the occurrence of the event, in accordance with the Undertaking.

   (c) Provide or cause to be provided to the MSRB notice of a failure by the District to provide the annual financial information with respect to the District described in the Undertaking, in not more than ten (10) business days following such amendment.

   (d) The District agrees that its covenants pursuant to the Rule set forth in this paragraph and in the Undertaking is intended to be for the benefit of the Holders of the Bonds and shall be enforceable on behalf of such Holders; provided that the right to enforce the provisions of these covenants shall be limited to a right to obtain specific enforcement of the District's obligations under the covenants.

The Chair and Clerk of the District, or any other officer of the District authorized to act in their place (the "Officers") are hereby authorized and directed to execute on behalf of the District the Undertaking in substantially the form presented to the School Board subject to such modifications thereof or additions thereto as are (i) consistent with the requirements under the Rule, (ii) required by the Purchaser of the Bonds, and (iii) acceptable to the Officers.

27. **Severability.** If any section, paragraph or provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this resolution.

28. **Headings.** Headings in this resolution are included for convenience of reference only and are not a part hereof, and shall not limit or define the meaning of any provision hereof.

(b) **Book Entry Only System.** The Depository Trust Company, a limited purpose trust company organized under the laws of the State of New York or any of its successors or its successors to its functions hereunder (the "Depository") will act as securities depository for the Bonds, and to this end:

(i) The Bonds shall be initially issued and, so long as they remain in book entry form only (the "Book Entry Only Period"), shall at all times be in the form of a separate single fully registered Bond for each maturity of the Bonds; and for purposes of complying with this requirement under paragraph 10 (with respect to registration, transfer and exchange) Authorized Denominations for any Bond shall be deemed to be limited during the Book Entry Only Period to the outstanding principal amount of that Bond.

(ii) Upon initial issuance, ownership of the Bonds shall be registered in a bond register maintained by U.S. Bank National Association, Saint Paul, Minnesota (the "Bond Registrar"), in the name of CEDE & CO., as the nominee (it or any nominee of the existing or a successor Depository, the "Nominee").

(iii) With respect to the Bonds neither the District nor the Bond Registrar shall have any responsibility or obligation to any broker, dealer, bank, or any other financial institution for which the Depository holds Bonds as securities depository (the "Participant") or the person for which a Participant holds an interest in the Bonds shown on the books and records of the Participant (the "Beneficial Owner"). Without limiting the immediately preceding sentence, neither the District, nor the Bond Registrar, shall have any such responsibility or obligation with respect to (A) the accuracy of the records of the Depository, the Nominee or any Participant with respect to any ownership interest in the Bonds, or (B) the delivery to any Participant, any Owner or any other person, other than the Depository, of any notice with respect to the Bonds, including any notice of redemption, or (C) the payment to any Participant, any Beneficial Owner or any other person, other than the Depository, of any amount with respect to the principal or premium, if any, or interest on the Bonds, or (D) the consent given or other action taken by the Depository as the Registered Holder of any Bonds (the "Holder"). For purposes of securing the vote or consent of any Holder under this Resolution, the District may, however, rely upon an omnibus proxy under which the Depository assigns its consenting or voting rights to certain Participants to whose accounts the Bonds are credited on the record date identified in a listing attached to the omnibus proxy.

(iv) The District and the Bond Registrar may treat as and deem the Depository to be the absolute owner of the Bonds for the purpose of payment of the principal of and premium, if any, and interest on the Bonds, for the purpose of giving notices of redemption and other matters with respect to the Bonds, for the purpose of obtaining any consent or other action to be taken by Holders for the purpose of registering transfers with respect to such Bonds, and for all purpose whatsoever. The Bond Registrar, as paying agent hereunder, shall pay all principal of and premium, if any, and interest on the Bonds only to or upon the Holder of the Holders of the Bonds as shown on the register, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to the principal of and premium, if any, and interest on the Bonds to the extent of the sum or sums so paid.
(v) Upon delivery by the Depository to the Bond Registrar of written notice to the effect that the Depository has determined to substitute a new Nominee in place of the existing Nominee, and subject to the transfer provisions in paragraph 10 hereof (with respect to registration, transfer and exchange), references to the Nominee hereunder shall refer to such new Nominee.

(vi) So long as any Bond is registered in the name of a Nominee, all payments with respect to the principal of and premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, by the Bond Registrar or District, as the case may be, to the Depository as provided in the Letter of Representations to the Depository required by the Depository as a condition to its acting as book-entry Depository for the Bonds (said Letter of Representations together with any replacement thereof or amendment or substitute thereto, including any standard procedures or policies referenced therein or applicable thereto respecting the procedures and other matters relating to the Depository's role as book-entry Depository for the Bonds, collectively hereinafter referred to as the "Letter of Representations").

(c) Letter of Representations. The provisions in the Letter of Representations are incorporated herein by reference and made a part of the resolution, and if and to the extent any such provisions are inconsistent with the other provisions of this resolution, the provisions in the Letter of Representations shall control.

3. Purpose; Refunding Findings. The Bonds shall provide funds for a crossover refunding of the Refunded Bonds (the "Refunding"). It is hereby found, determined and declared that the Refunding is pursuant to Minnesota Statutes, Section 475.67, Subdivision 13. As of the Crossover Date of the Bonds, the Refunding shall result in a reduction of the present value of the dollar amount of the debt service to the District from a total dollar amount of $____________ for the Prior Bonds to a total dollar amount of $____________ for the Bonds refunding the Prior Bonds computed in accordance with the provisions of Minnesota Statutes, Section 475.67, Subdivision 12, and accordingly the dollar amount of such present value of the debt service for the Prior Bonds is lower by at least three percent than the dollar amount of such present value of the debt service for the Prior Bonds, as required in Minnesota Statutes, Section 475.67, Subdivision 12.

4. Interest. The Bonds shall bear interest payable semiannually on February 1 and August 1 of each year (each, an "Interest Payment Date"), commencing February 1, 2016, calculated on the basis of a 360-day year of twelve 30-day months, at the respective rates per annum set forth opposite the maturity years as follows:

The Bond Registrar shall also serve as paying agent unless and until a successor paying agent is duly appointed. Principal and interest on the Bonds shall be paid to the registered holders (or record holders) of the Bonds in the manner set forth in the Form of Bond set forth in paragraph 7 and in paragraph 12 of this resolution, with respect to interest payment and record date.

WHEREAS, Independent School District No. 625 ("District") is in the process of advertising for bids for the sprinkler piping, partial ceiling and lighting replacement at Saint Anthony Park Elementary School ("Saint Anthony Park Project"); and

WHEREAS, District’s Board of Education finds the Saint Anthony Park Project, having a budget in excess of $445,000, to be a substantial District construction project; and

WHEREAS, Several building trades union collective bargaining agreements will expire in the course of the duration of the construction of the Saint Anthony Park Project; and

WHEREAS, District’s Board of Education finds that the utilization of a project labor agreement on substantial construction projects facilitates the timely, efficient, and economical completion of such construction projects by avoiding work stoppage following expiration of collective bargaining agreements; and

WHEREAS, District’s Board of Education further finds that the utilization of a project labor agreement on substantial construction projects facilitates the timely, efficient, and economical completion of such construction projects by making available a ready and adequate supply of highly trained and skilled craft workers; by permitting the District and its contractors and subcontractors to accurately determine project labor costs at the outset and to establish uniform working conditions for all construction crafts for the duration of the Saint Anthony Park Project; and by providing a negotiated commitment which is a legally enforceable means of assuring labor stability and labor peace over the life of the Saint Anthony Park Project;

NOW, THEREFORE, BE IT RESOLVED, that the District’s Board of Education does hereby authorize and direct the District’s Director of Facilities to, on behalf of District, enter into a project labor agreement with the Saint Paul Building and Construction Trades Council for the Saint Anthony Park Project in substantially the form and style of the project labor agreements heretofore utilized on District construction projects.
