Class of 2020: Students Registering for 12th Grade

Students should use this worksheet for planning purposes ONLY. Students will be entering in their final requests in Student Portal/Campus during an extended advisory on March 4th.

You must discuss your course selections with your parents/guardians and current teachers.

Language Arts: For semester-long classes, students will enter only the 1st course number. For year-long classes, students will enter both course numbers.

Science - Find course numbers and course length on elective sheet

IMPORTANT
1. Students are strongly encouraged to take a 4th year of science. See elective sheet for full list of science course offerings for 12th graders. Many colleges/universities require 4 years of science for admission.
2. If science requirements have not been met by the end of your junior year, you must select a science class for senior year.
3. For current SL science students, the expectation is that you will register for the HL course next year.

My current science teacher suggests I take: ___________________________

Math - determined with your current math teacher and automatically entered in Campus. Seniors are strongly encouraged to take a 4th year of math. Many colleges/universities require 4 years of math for admission.
