5-year, 6-year and 7-year Graduation
What’s Working

• High School Focus on Freshman - Transition to High School

• Check and Connect (Target strategy for American Indian students and Special Education students)

• AVID and AVID strategies in Special Education courses

• Counselor professional learning communities

• College and Career Readiness

Graduation Change In Calculation
This year’s graduation results reflect MDE’s revisions to the graduation calculation, as part of its implementation of the Every Student Succeeds Act (ESSA). To maintain comparability across years, MDE has applied the changes retroactively to previous years going back to the class of 2012.

Change in Reporting Student Racial Groups
Beginning in school year 2017-18, MDE and SPPS will no longer report results using FIVE student racial groups. We will report results using the seven federal racial categories. Under ESSA, EL, FRL, and SPED categories include a student if they are a member of those groups at any time in their HS tenure (Previously the categories were defined by students' status in 9th grade). This may result in a small change in grad rates for these categories.
SPPS 2017 4-Year Graduation

SPPS Class of 2017 4-year graduation rate is 76.9%; approximately 3 out of 4 students graduated in 4 years.
SPPS to State

SPPS to State Comparisons

SPPS students in the Class of 2017 graduated in four years at a higher rate than their peers, statewide, in the following groups of students:

- American Indian: 53.1% (SPPS) vs. 50.7% (MN)
- Hispanic: 70.4% (SPPS) vs. 66.3% (MN)
- Black: 70.2% (SPPS) vs. 64.8% (MN)
- English Learners: 74.2% (SPPS) vs. 64.7% (MN)
- Free/Reduced Priced Lunch: 73.1% (SPPS) vs. 69.0% (MN)
- Homeless: 50.3% (SPPS) vs. 45.4% (MN)
Surpassing State Averages: All Students

Schools Higher Than State: All Students

- MN: 82.7%
- Central: 88.0%
- Highland Park: 89.5%
- Johnson: 85.6%
- Open World: 90.7%
- Washington: 86.2%
Surpassing State Averages: Student Groups

5. Five schools: Students experiencing homelessness

6. Six schools: Hispanic students

7. Seven schools: Black students, English Language Learners

8. Eight schools: Low income/free- and reduced-price meal eligible students
Cohort Definitions
The 5-year and 6-year graduation rates show the number of *students who took additional time to earn sufficient credits* or to meet other graduation requirements to receive a high school diploma from their district. These two extended-year graduation rates are calculated in the same way as the 4-year rate, but instead determine the percent of students graduating in five years and six years.

Cohorts are defined by the *expected graduating class*, and rates accrue cumulatively.

**COB Action Item**
Recommendation: Acceptance of the quarterly financial report for the period ending December 31, 2017
SAINT PAUL PUBLIC SCHOOLS
QUARTERLY FINANCIAL REPORT

FOR THE PERIOD ENDING
December 31, 2017
December 31, 2017 Quarterly Financial Report

The December 31, 2017 Quarterly Financial Report is an update to the Board of Education on the current fiscal year 2017-18 budget and it includes a projection of Revenue, Expenditures and Fund Balance as of June 30, 2018.

A budget is a living, viable document. Once the budget is adopted in June, the Board is asked 3 times during the following year to look at and approve the changes that occur in the District’s revenue and expenditures in each of the 7 funds. The final determination, by fund, occurs each fall, following the acceptance of the audit report.

Reminder: The fund balance accounts within the General Fund are prescribed by the Governmental Accounting Standards Board, known as GASB 54. The unassigned fund balance in the General Fund is required to maintain a balance of 5% as referred to in Board policy. The fund balance in the Food Service fund is controlled by federal USDA regulations.

Highlights in the report include the following:

Page 1
The General Fund includes the five fund balance categories. Please refer to the financial definitions sheet for descriptions of fund balances.

General Fund revenue is projected to increase by $5.8 m in the following areas: State aid of $3.0 m due to an increase of regular K-12 enrollment from projected to actual (Oct 1) of 537 students; an increase of $1.5 m in Compensatory Education revenue following a legislative formula change; and a projected increase in Special Education revenue of $1.2 m.

General Fund expenditures are projected to be underspent by a total of $2.5 m in the areas of: Intraschool in the amount of $1.6 m and overall operational savings in various sites and programs in the amount of $0.9 m.

These changes result in a projected unassigned fund balance of 5.5%, which is within the 5% Board of Education policy.

Page 2
General Fund, Fully Financed: The Fully Financed fund must have revenue that equals expenditures. Revenue is projected to increase by $1.3 m due to funding for the SUTR program ($1.0m) and other grants of ($0.3m). Expenditures are projected to be underspent by $1.3 m, mainly in Title I. No change in fund balance is anticipated at this time.

Page 3
Food Service Fund: Revenue is projected to decrease by $1.0 m due to a decrease in meals served (5.0% for breakfast and 2.0% for lunch). Reimbursement rates have increased by 2% to assist in offsetting the decrease. In addition, the Child and Adult Care Food Program (CACFP) has been integrated into more schools and programs this year for an increase in revenue of about $0.5m more than last year.

Expenditures are projected to decrease by $1.8 m. Projected reductions are in labor, food, and supply costs associated with the decrease in meals served and improvements in metrics tracking labor based on meals served per hour.

Fund balance is projected to increase by $0.8 million.

Page 4
Community Service Fund: Revenue is projected to slightly decrease in the areas of tuition and fees. Expenditures are projected to decrease by $0.2 m in the salary and benefit categories. Fund Balance is projected to decrease by $0.2 m, mainly in the Restricted categories of Community Education and Adult Basic Education.

Page 5
Community Service, Fully Financed Fund: No changes to revenue are projected at this time. Expenditures are projected to increase by $0.3 m in Community Service. Fund Balance will decrease by $0.3 m in the Restricted category for Community Service.
Building Construction Fund: Revenue is projected to increase by $129.1 m from the following: 2017C Certificates of Participation issue of $60.2m, 2018C Crosswinds Certificates of Participation issue of $18.9m and the 2018B Certificates of Participation issue of $50 m.

Expenditures are projected to increase by $91.8 m as related to the Adams, Horace Mann and Humboldt projects funded by the 2017C Certificates of Participation issue and the 2018B Certificates of Participation issue and an increase in Capital Bond expenditures as related to the Facility Master Plan.

Fund Balance is projected to increase by $10.6m. Use of funds from the 2017C and 2018B Certificates of Participation are restricted to construction approved by the Commissioner of Education in accordance with the District's Desegregation plan specific to construction at Adams Spanish Immersion, Horace Mann, Humboldt, American Indian Magnet, Obama and Phalen Lake Hmong Studies.

Debt Service Fund: Fund balance is projected to increase by $5.0 million due to the net effect of the escrow activity for bond refunding and the net change of revenue and expenditures.
