Nutritional Applications
We have families who have not completed their applications for nutritional benefits. Please help secure funding for our school and district and fill them out if you haven’t done so already at Schoolcafe.com.

Cold Weather
All students go outside to recess every day unless the weather is below zero. Please make sure your student has a winter coat, snow pants, snow boots, hat and gloves. Students can wear sweaters or other layers to keep warm in school but they must be blue, light blue or white. We recommend that you label all of their items.

Attendance
If you have travel plans and your student will be absent, fill out a travel form in the main office. Per district policy, family trips and vacations are not excused.

Early Pick Up
We are noticing many students are being picked up early. We care about our students’ academic success and discourage absences, tardiness, and early pickups.

Backpacks
Please check your student’s backpack regularly, at least once a week. We send home flyers, newsletters, and other important information, and we don’t want you to miss anything! Also check for items that should not be brought to school including toys, expensive items or dangerous objects.

December is often a time for celebrations. I encourage you to communicate with your child’s teacher any traditions that you have in your home. Teachers are asked to expose our scholars to a diverse representation of cultural traditions and they want to hear from you. We also have a few celebrations to recognize scholars for their success. Our Academic All-Star assembly was held today recognizing students for their growth in the classroom. We also have a Student Showcase for 3rd-5th graders on December 19 and invite all families to attend. Teachers have also been recognizing scholars with Positive Office Referrals when they "catch" them doing great work. We invite you to visit your child’s classroom for any activities before break as always!
