WE ARE CREATIVE.

Student Feature: History Day

Each year, seventh grade students learn History through self-exploration of a topic of their choice. To further challenge students, a history day Theme is presented as a tool for exploration. This year's theme was Triumph and Tragedy.

From November through January, students researched and analyzed primary and secondary sources, formulated an historical thesis, organized information into background, build-up, impact, short-term & long-term legacy, and created a visual representation of their discovery's.

Topics from this year's class of students ranged from Emmett Till and Ruby Bridges to the sinking of the Titanic and the discovery of Penicillin. A great quote by a student this year was, "This is a lot of work... but fun work!"

There were triumphs and tragedy's within this work. Tragedy's such as not finding the right source or having to rewrite a Thesis. And Triumphs such as presenting to the whole class and having them mesmerized or learning how to cite a source for the first time. All in all, this year's History Day was a success thanks to the hard work and dedication of the students.

WE ARE CREATIVE.

Every month we will be honoring one of our staff members and their creativity by providing a brief overview of their life and work.

Staff Feature: Kara Noble
Kara Noble has always been dancing. At her high school is Poynette, Wisconsin, she was on the dance team all four years. She eventually was captain and singlehandedly choreographed the team’s hip hop routines, which they toured and competed with.

Although her undergraduate degree is Spanish, when Ms. Noble was not working as an interpreter or in immigration law, she was studying Latin dance in Mexico, teaching hip hop in Japan, studying hip hop further at the Hip Hop Dance Conservatory in New York City, and she even owned her own dance studio in Central, WI.

Ms. Noble has been a full-time teacher for five years now. She enjoys talking with students and leading them through dance. Her travels and love of other cultures comes into her teaching daily. She loves bringing people and groups into her classroom to make collaborations and build connections with her students.

In addition to Creative Arts, Kara is currently teaching dance at CM’s Fitness and is part of the Alex and Desiree Worldwide Bachata Dance Team.

Ms. Noble has not showcased her own work recently as she is kept busy with full time graduate school as well as being new to motherhood!

If Ms. Noble could give her students one piece of advice, it would be that “Half of it is believing in yourself. The other half is doing the work. You will not succeed without doing both.” Also, “Dance first. Think later!”

WE SUPPORT EACH OTHER.

COUNSELING CORNER

Fine Arts Festival Field Trip – April 12, 2019
Juniors and Seniors will have an opportunity to meet local artists, explore art careers and attend fine art workshops at Inver Hills Community College’s Fine Arts Festival. Space is limited. Sign up with your school counselor.

Graduation
Graduation is right around the corner! Creative Arts has graduation on June 4th at 5:00PM at St. Kate’s O’Shaughnessy Auditorium. Mandatory rehearsal will be held at 11:00AM.

Friday May 31st is the last day of school for seniors. All books, i-pads, and other checked out materials must be returned and final credits need to be turned in. Caps, gowns, and tickets (10) will not be issued until all obligations are met.

Many college application deadlines are fast approaching; don’t miss them! Please encourage your senior to meet with their counselor for application support. If you need help with your student’s FAFSA, please reach out to counselors.

We are excited to say that we have already has students accepted to St. Paul College, Century College, The University of Minnesota - Twin Cities, The University of Minnesota - Duluth, Dupaul University, and Mankato State University!

While I realized that we still have 12 weeks of school left, we are already planning for next year.

In the coming weeks, your student will be bringing home course registration forms to select their courses for next year.

A few things to know:

- For 8-12th graders, students can choose from American Sign Language, French and Spanish. The language chosen most by students will be the one we offer.
- 7-th 10th graders have the opportunity to take an AVID elective for the first time. AVID is a college readiness program designed to help students develop the skills they need to be successful in college and global society. The program places special emphasis on growing writing, critical thinking, teamwork, organization and reading skills.
- Starting in 9th grade, students need to identify a primary art area: Dance, Instrumental Music, Vocal Music or Visual Arts. Students are then guaranteed year long criterion-based classes in that area. We will still have classes in media arts, theater and literary arts, but due to our small size as a school are not able to offer intentional, articulated course work in those areas.
- We are debuting our new Arts and Entrepreneurship Career Pathway next year. This innovative pathway will teach students to be their own bosses as well as make money from their ideas. Starting in 10th grade, students can begin taking Personal Finance and Marketing courses. Internships, being part of a school based business, or even learning to market and sell their art on their own will be possibilities for our students.

Next month, I’ll have more updates on our opportunities for next year.
