Maxfield Elementary

2019-20 Family Friendly SCIP

At Maxfield Elementary, our mission is to provide a restorative and nurturing learning community committed to achieving academic excellence. All are welcome here.

One of the tools we use to achieve that mission is our SCIP (School Continuous Improvement Plan). In our SCIP, we review our school’s data and create a plan for the year ahead.

This year, we have three main areas of focus in our SCIP.

| Reading Goal: |
| The percentage of students meeting or exceeding standards in reading will increase from 17% to 25% by Spring 2020 as measured by the Spring 2020 MCA Reading Test. |

Teachers will work together and participate in training for reading:

- Form small groups based on students’ reading skills
- Teach students reading skills through phonics and word study in small groups and check their progress
- Visit other Maxfield classrooms to learn from other teachers and share ideas

| Math Goal: |
| The percentage of students meeting or exceeding standards in math will increase from 15% to 25% by Spring 2020 as measured by the Spring 2020 MCA Math Test. |

Teachers will work together and participate in training for math:

- Use a shared plan for teaching math concepts across the school year
- Use a common math resource called Eureka Math
- Develop frequent progress checks for students

| Culture and Climate / PBIS Focus |

Administrators, teachers, and support staff will work together to create a positive school culture:

- Teach students how to follow school rules
- Celebrate students for positive behavior and academic growth
- Support families in understanding how restorative practices help their children at school

A complete version of our School Continuous Improvement Plan can be found at spps.org/scip. Translations are available upon request.
