National Honor Society

NHS collected over 90 bags of non-perishable food at our annual Trick or Canning event, the socially distanced, 2020 version! We had 26 students and a few staff members contribute, turnout was beyond what we expected! Check out the pictures attached!

Attention Parents of Freshman

Your student just received the following presentation from their counselors through science classes. The presentation covers important information that every 9th grader needs to know about Grade Point Averages (GPA), Transcripts, and

Graduation Requirements. We will be hosting open Google Meet sessions for students to bring any follow-up questions. We want to be sure that parents are also aware of this information, so please click on the link to view and listen to the presentation. We have learned that the sound does not work well when viewing the presentation on SPPS student iPads. We encourage viewing the presentation on an alternate device such as a laptop, computer, or phone to hear the audio.

Understanding GPA, Transcripts, & Grad Requirements: Student Expectations

Directions: Please view this presentation from your counselors and complete the Exit Ticket linked in the presentation to earn points for completing this assignment. (Presentation takes 15 mins. or less to view)

Quarter 1 Grades and Report Cards

An important reminder that this year students will not automatically receive a pass for classes. Grades earned can range from A,B,C,D and NP (no pass). It is essential students are attending all of their classes and doing the assigned work and meeting with teachers during their office hours for assistance. **The first quarter ends on November 13** and report cards are not mailed home but should be reviewed by parents and students electronically.

Student & Family Wellness

It is easy to feel like we “should” be used to our new normal seven months into the COVID-19 pandemic response, but in truth we continue to live in unprecedented times. The tips for coping in a pandemic below are pulled from an article that has been widely circulated and is worth a read or re-read. Read the article [here](#).

Tips for Coping in a Pandemic

1. Accept that life is different right now – not giving up, and not wasting energy resisting reality
2. Expect less from yourself and replenish more. Explore the questions below now that so many support systems are not currently available.
 - o Where do I get my energy?
 - o What kind of down time do I need?
 - o What routines do I need right now?
3. Recognize the different aspects of grief – denial, anger, bargaining, depression, and acceptance. All can be experienced at different times and out of nowhere, and it is natural to grieve the way of life that we were previously used to living.
4. Look for activities, new and old, that continue to fulfill you.
5. Focus on maintaining and strengthening important relationships.
6. Build your resilience by focusing on sleep, nutrition, exercise, meditation, self-compassion, gratitude, connection and saying no.

Tips for Helping Youth Cope in a Pandemic

Families and schools support children and teens by providing safety, soothing them in difficult times and ensuring they are seen.

Safety - Providing as much consistency as possible, helps young people feel safe. Try to just be there for your child and create the typical and predictable routines.

Soothe - Caring adults provide a calming presence to young people during difficult times. Children may benefit from seeing adults with a sense of confidence and hope.

Seen - Listen to your child and recognize when they seem uncomfortable or there is a change in behavior. Honor their unique story and emotions.

PTSA VALUES

With students and teachers at the center of everything we do, the **Highland Senior High School PTSA** supports excellence, enrichment and well-rounded programming that builds achievement and the community fabric of our school. We support these values in two critical ways:

- Providing resources for students, teachers and classrooms through direct funds that support classroom and program activities and supplies; and,
- Uniting the HPSH Community through support for school-wide, enrichment and interest-based activities, events, and programs.

REASONS TO JOIN THE PTSA

- It's good for your child. Research shows that children whose parents are involved in their school make better grades and have fewer disciplinary problems.
- Discover resources to help make your child's high school experience successful.
- You'll be in "in the know." Each HPSH PTSA meeting includes an update from the principal, Dr. Tucker and other staff members.
- We are flexible. Joining the PTSA doesn't mean you have to attend every (or any) meetings. Come to meetings and other PTSA events, as your schedule allows. If you sign-up for the PTSA distribution list (HPSHptsa@gmail.com), you will receive meeting minutes and will always know what the PTSA is up to.
- Tap into the HPSH PTSA network. The PTSA is a great way to meet other parents, along with school staff, and teachers.
- It's a chance to make a difference. By sharing your ideas, concerns, and experiences you can help foster a strong sense of community at HPSH.
- We need you. The PTSA works on behalf of *all* the students at HPSH. We need your support to do this important work and be successful.

The next PTSA meeting of the year is November 11 at 6:30pm and will be held virtually. The Google Meet meeting code is meet.google.com/see-fgcj-wfe If you have trouble with the link simply copy and paste it in the the Google Chrome web browser
