Highlights of the Month

Welcome to the 2019-2020 school year at Capitol Hill!

The SEL and Support Staff team will provide monthly updates on school-wide SEL initiatives as well as how the support staff are working with all students.

HOW DO WE HELP?

We provide school-wide support through consultation with teachers and parents, as well as providing in-class and out-of-class support for individuals or groups of students.

Students come to see us for many reasons, none of which mean that your student or child has something wrong with them. Everyone needs a little extra support from time to time (yes, even us adults!) and we are here to support them however we can.

WHAT'S HAPPENING IN ELEMENTARY THIS MONTH?

We are so excited to be back at Capitol Hill for another fantastic school year! This month, we will be entering the classrooms to introduce ourselves to the students and talk about how we can support them to be the best they can be through their time here at Capitol Hill and eventually as citizens of the world. We will begin to take referrals from teachers and parents for individual or group work as well.

WHAT'S HAPPENING IN MIDDLE SCHOOL THIS MONTH?

We are thrilled to be back at Capitol Hill and are ready to start working with our students! This month, we are finalizing schedule changes for the year, beginning to plan our quarter one lessons, take parent and teacher referrals for support groups, meet with students individually and plan school-wide SEL initiatives.

QUOTE OF THE MONTH
