

Class Name	Description	Partner
Acrylic Painting	We will paint and sketch with professional artists around St. Paul. Students will receive art supplies and be able to keep and/or exhibit whatever they create.	
Anime Club	Anime Club! Join us while we watch and discuss all things anime! No materials necessary, just you and your love of anime.	
Art of Photography	The Art of Photography with Tomas Leal Students will learn to take professional looking photographs using phones, ipads and other photo devices available from home. They will learn the language of lighting, composition and formal elements as they build a portfolio of photographs with writing.	In Progress
Board Game Club	Learn new games, develop strategy, and have fun playing a variety of games with peers!	
Chess Club	Whether you consider yourself a beginner or intermediate player, join this online club to interact with other district chess players online. Learn how chess is played online and play on a weekly basis to improve your skills. Join the group for pool play during the scheduled meeting times. In between Pool Play meetings, there are opportunities for small group lessons and lots of tools to analyze and improve your game. In addition to Standard Chess, there are other cool variations like 4 Player Chess, Anti-Chess, CrazyHouse, & Atomic to name just a few.	Chess & Strategy Game Association
Circus & Juggling Class	Juggling is a good form of cardiovascular exercise, learning to juggle can boost self-esteem (by showing you you're capable of things you previously thought impossible), and many say that the meditative repetition of juggling helps them destress. Come learn the fundamentals of juggling and other circus-based activities!	
Creating Art	Students will use a variety of mediums to express themselves.	
Dakota Language	This class will focus on learning Dakota language, culture, and ways of life.	American Indian Family Center and Interfaith Action
Dungeons and Dragons	Students will learn all elements of D&D including participating as players, and Game Masters. Elements will include story-telling, world-building, map-making, and of course throwing math rocks (dice)!	

Explore Your Art Medium	In this class, you will have the opportunity to explore different art mediums; example: fruit and vegetable stamp making, making jewelry out of polymer clay, patch making, crocheting, weaving, and many more!	
Film Appreciation	Students will learn the origins of movies starting with early silent films, to how they evolved to talkies, and then color. We will explore films of every genre and era, studying iconic filmmakers. We will watch films while discussing their meaning and importance, teaching students to watch movies with a more critical eye. We will be showing films ranging from G to PG13 (no R ratings). Some films have been shown in the past are: The Gold Rush, Singin' in the Rain, In The Heat of the Night, Some Like it Hot, Tootsie, Kramer Vs. Kramer, Green Book, A Quiet Place, Crooklyn. Students will also be assigned a filmmaker to research and present a critique of a favorite film.	
Fitness	It is time to get UP and MOVE! Working with a fitness trainer, we will do a variety of workouts and develop nutritional plans. We will develop our goals for having a healthy lifestyle!	
Flipside Newspaper	check back for description	
Folding Camp Chair	Using hand tools and a variety of materials, build and decorate your very own folding Campfire Chair! An instructor from Urban Boat Builders will guide you through the construction of this compact and portable chair, introducing you to woodworking, construction, tool use, and design. Once you have built your Campfire Chair, use provided paints and finishes to customize it using design principals that you have learned. Whether or you take it out to sit by a campfire or carry it around the house so you always have a seat, the folding Campfire Chair can go with you anywhere and always impresses!	Urban Boat Builders

Folding Desk	Build your own wooden desk using various woodworking tools, metal joinery, paints and oils! Compact and lightweight, this desk folds up so you can store it away when you're done using it. Learn about construction, tool use and design from an Urban Boat Builders woodworking instructor, and apply this knowledge to construct a folding desk that has movable joints and a storage area for your tablet and books. When you're done building, customize your desk's finish using a variety of paints and oil to make it your own! You can feel proud while doing work for school or other projects on a desk you built yourself.	Urban Boat Builders
Freedom school Express	Using creative fun to excel and believe in their ability to make a difference in themselves, community, family, and world.	Freedom School
Game Design-Dress Up Game	Dress-up games are a fun way to get creative, explore different styles, and use your imagination. In this club, we'll create our own dress-up games by designing characters and different types of clothing, then coding the games in Scratch! No experience with art or coding is necessary, and everyone is welcome - even if you don't think of yourself as good at drawing or interested in fashion.	MN Computers For Schools
Game Design-Platformer	Platformers are a type of video game where a character runs and jumps along platforms, often picking up items or dodging obstacles. In this club, we will use Scratch to design and code our own platformer games. No coding or video game design experience is necessary - if you've ever wanted to learn how to build a video game, this is a great place to start!	MN Computers For Schools
GGALS Mentoring	A fun, academic, self-advocacy, empowering, and leadership program for immigrant and refugee girls. We do everything from arts & crafts to music videos to health relationship workshops to healthy lifestyles to academic/homework help support. We are here to serve you and empower you to succeed!	WISE

Indigenous Graphic Novels	Indigenous graphic novels will explore aspects that make up a graphic novel and Indigenous storytelling. We will read through at least 2 stories through these sessions and will see how Indigenous experiences can be uniquely portrayed through the use of images.	
Into to Science Fiction Writing	check back for description	
Karen Culture & Tutoring	Designed to teach Karen students about their culture, and to help develop their leadership skills at the same time.	Karen Organization of MN
LGBTQ+ Allies	We are a group of Humboldt students and staff dedicated to creating a safe space for ALL members of the Humboldt community to express their individuality, sexuality and gender identity while sharing experiences and concerns without judgement. Our goal is to decrease prejudice and encourage LGBTQ+ students to support each other in creating a school environment that is more accepting of all.	
Magic Class	With an instructor to coach you along, watch professionally made videos of Mikayla Oz that will walk you through the steps of becoming a magician in your own home! Using common household items you will learn how to become a magician that will amaze friends and family!	Mikayla Oz Magic
Martial Arts	check back for description	
Metal Jewelry Making	We will learn to make metal chainmail jewelry, weaving individual rings into bracelets or necklaces.	
My Future, My Choices: College & Career Prep	The purpose of the College and Career Readiness Course is to provide planning and instruction for postsecondary transition. We will develop individual plans, explore careers and colleges including 2 year, 4 year, trade schools, HBCUs and Tribal college. We will play games and interact with each other in a relaxing informal atmosphere.	Freedom School

Ojibwe Plants	We will explore Ojibwe plant teachings, learning about plant growth and words for plants in Ojibwe language. This will incorporate both Botanical knowledge and Ojibwe cultural knowledge. Students will create their own plant knowledge journals that they can use for future adventures!	
Our voices Matter: Spoken Word & Poetry	Spoken word and Poetry is the music of language in which it is simultaneously pure and abstract, both direct and ambiguous. Just like music, poetry needs an open mind, an open ear and, perhaps most importantly, no fear. Through creation of a safe space for poetry recitation, confidence and trust develop. Spoken word poetry is a unique hybrid, with written words memorized like lines in a play and said aloud with a performer's flair. While studying and writing any poetry helps students develop literacy skills, spoken word also helps students build social and emotional skill sets including self-awareness, communication and self-confidence.	
Outdoor Survival	We left the house, with our backpack to start a normal school day. As we stepped outside the front door, it locked behind us. Oh No! We realized we forgot our cell phone, money, and keys inside. The school bus never showed up, and our parents are already gone for work. Worst of all, our neighbors won't answer the door because of Covid. It's on us to find food, water & shelter. Together we will learn some basic survival skills in both urban and rural settings with Mr. A.	
Page Turners Book Club	Students will vote on books to read and discuss. We will highlight books by Black/ African-American Authors and graphic novels.	Freedom School
Phenomenal Young Men Club	What is in your future? Do you have a dream and plan to reach your goals? Guys Let us Keep It Real!	Freedom School
Theater	Illusion Theater Class which will include viral theater games, improv, performance techniques in scenes and monologues, creating and writing. Please join us for FUN and CREATIVITY!	Illusion Theater
TikTok Dance Party!	Have fun exploring tiktok dances and creating our own dances!	Keanse Sense of Rhythm
Videography	Students will learn new techniques and put together videos!	

Where's my Wakanda	Where's my Wakanda is a research project inspired by the popular Marvel movie Black Panther. The movie shows a lot of similarities to many African countries even through its fictional storyline. In this course scholars will learn about different African countries valuable resources, democracy, currency, cultural traditions and beliefs and more. They will also construct a one page paper report, including how to site their sources by creating a bibliography. And a visual poster board to display at the end. Usually reward the completion of the project with the viewing of the "Black Panther" movie and a pizza party.	Freedom School
