

Title 1 News
Central's SCIP – (School Continuous Improvement Plan)
Update – September – November 2019

- *SCIP at a Glance has been posted on the school website and is available to all families
- *Reviewing data will be a large portion of our leadership team for 2019- 2020

Restorative Practice

- *9th grade student leaders have been chosen
- *Team will continue looking at Behavior Data reviewing referrals and interventions with the goal of improving school wide behavior.
- * Professional Development options offered each month.

Grading

- * We will continue to support the new teachers (math, science) and students during this transition period.
 - Tools for students to learn
 - Options/Opportunities to allow for student engagement
 - Offering to meet the broad needs of all students

Counseling Update

- 280 juniors took PSAT test October 16th
- Classroom visits will be taking place
- Counselors will continue working with 9th graders and how to offer support

PBIS Update

- Video was made on expectations within the building
- Behavior expectations will be a focus: lunchroom, hallway behavior
- Continue recognizing community connections: Recognize when students are “doing something positive/caught in the act”. We will conduct weekly drawings for prizes.
- PBIS at Central: PBIS Team/Framework of teaching behavior and rewarding and modeling successful strategies of this work.
- Recognize teachers in addition to students.

IB/MYP

- MYP piloting personal projects. 20-25 students working on independent projects this year.
- Diploma Program: Registering for was done earlier this month
