

Student Training Report Form

Minnesota Statute 123B.90 requires that all students in grades Kindergarten through 10 receive school bus safety training. The training must include a classroom component and a practical component using a school bus. In addition all schools must report that the training has been provided.

The Pupil Transportation Safety Director of each school district must certify to the Superintendent annually by November 15th that the training has been provided. The certification to the Superintendent must include the names of all students who did not receive the required training.

Sign this section if all students have received the required training

I certify that all students at _____ school have been provided the school bus safety training.

Principal's Signature _____ Date _____

Sign this section if some students have not received the required training
